Subject: Letter of recommendation for Denette Dunn.

To whom it may concern:

It is my pleasure to provide this letter of recommendation for Denette Dunn. I have known and worked with Denette Dunn for ten years in her capacities in the recycling and solid waste industry, most recently as the Government Relations Manager for Republic Services. Denette has been very helpful to me during my Phoenix City Council tenure and my current position with Molera Alvarez.

Denette has proven to be an outstanding example of commitment, leadership and service working with multiple communities in Arizona and California; she has developed a large network of strong working relationships with elected officials, government executive staff and business leaders. Denette is conscientious and very engaged, her knowledge and abilities make her an ideal candidate for employment.

Please contact me if you would like to discuss this recommendation or require additional information.
