

Subject: Denette Dunn

To Whom It May Concern:

I am pleased to offer this letter of recommendation on behalf of Denette Dunn. I had the opportunity to work with Denette during my time as a General Manager with Republic Services. I recently left the company and am operating a waste services consulting firm.

In my opinion, Denette is conscientious, responsive, and well organized. She has displayed excellent verbal and written communications in my past dealings with her. She has shown the ability to interact with governmental officials with ease, and has fit in well with the council and staff that I have introduced her to. I would consider Denette as an asset to the company.

I am confident that Denette would be a fine addition to your staff, and will display these same qualities should you accept her into your organization.

Sincerely,

Dr. Brian M. Conway
