FROM: David Hire, Sponsor Representative for Coshocton City Schools

RE: Sponsor Annual Report for 2016-17 School Year

DATE: November 28, 2017

Each year the Sponsor of the Coshocton Opportunity School shall provide a report to the Ohio Department of Education and to the parents of any student enrolled in the school, per ORC 3314.03(D)(3). You are receiving this report if your student attended the Coshocton Opportunity School at any time during this past school year. *The Report is enclosed*.

Coshocton City Schools is the Sponsor for the Coshocton Opportunity School and the enclosed Sponsor 2016-17 Annual Report for the Coshocton Opportunity School fulfills this requirement. Please note that this annual report is for the 2016-17 school year (not the current school year of 2017-18), and provides academic and fiscal performance information, as well as organization and operation performance. The report also includes legal compliance. Each area receives a rating.

You will receive the 2017-18 Annual Report during the month of November 2018.

If you have any questions regarding this report, please contact the Coshocton City Schools Administrative Office at (740)622-1901.

Enclosure

RE: Sponsor Annual Report for 2016-17 School Year

DATE: November 27, 2017

Sponsor 2016-17 Annual Report for the Coshocton Opportunity School

## **School Description**

The Coshocton Opportunity School is a dropout recovery community school, IRN # 000598, and serves students in Coshocton County who have dropped out of high school or who are "at risk" for dropping out of school due to poor attendance, disciplinary problems, or suspensions. The mission of the school is "to provide a safe and supportive learning environment for non-traditional high school students, where a motivating, standards-based curriculum will prepare students for graduation, employment and life-long learning."

The curriculum is delivered through an on-line platform called "A+" and the curriculum is aligned with the Ohio Academic Standards. Supplemental courses are also available to students, and include, JOG (Jobs for Ohio's Graduates), GRADS, Life Skills, Relationship Building, creative arts, nutrition, and computer applications. Students who have not passed the OGT (Ohio Graduation Tests) are required to be in OGT intervention classes. There is also a partnership with the county Early Head Start program, as several students are parents. Students are also involved in various community service projects each month, including work at the area food pantry, help with cleaning the local free health clinic, and help at the local senior citizen center.

## **Students Served**

During the 2016-17 school year, the Opportunity School served 45 students, all of which (100.0%) were economically disadvantaged, as indicated by eligibility in the free/reduced lunch program. Three students (6.7%) were either pregnant or parenting, and seventeen students (37.8%) were students with disabilities on Individual Education Plans (IEPs). All Junior students

## Mission Statement

Coshocton City Schools, in partnership with family and community, will empower individuals to become literate, responsible, and independent life long learners in an ever-changing global society.

took the ACT test this 2016-17 school year. On May 24, 2017, thirty-four students graduated from the Coshocton Opportunity School.

## **Academic Performance**

## 2016-2017 Local Report Card

The DORP report card data from the Ohio Department of Education for 2017 indicates that the Opportunity School earned designations of *Exceeds Standards* on all graduation ratings: 4-year rate was 75.0%, 5-year rating was 84.2%, 6-year rating was 84.6%, and the 7-year rating was 79.4%, and the 8-year rate was 80.6%. The weighted average of all graduation rates is 80.9%, up 4.4 percent from last year's weighted average of 76.5%. All of these graduation rates are significantly above the state averages for each value. Also, the Coshocton Opportunity School had the highest 4-year graduation rate out of 86 dropout prevention/credit recovery programs in the state! The Progress component rating (for value-added) was *Does Not Meet Standards*, while the AMO (Gap Closing) was *Not Rated*. The overall rating was *Meets Standards*. The Ohio Special Education Profile shows a designation of *Meets Requirements*, and the school did complete the Parent Survey for the 2016-17 school year, as steps were taken to improve the OGT performance for students on IEPs. Work continues to address deficient areas, while the indicators for graduation, participation, dropout, transition and attendance have been met for IEP students.

Student data from state testing is utilized to identify areas of academic weakness, and the school uses MWEA MAP pre & post testing in both reading and math in order to gauge progress. Also, the A+ curriculum is a prescribed curriculum that utilizes pre- and post- tests. Also, the non-academic goals of improving student attendance show an attendance rate of 89.5% for the school. All students take the AIR End of Course Exams, WorkKeys Assessments and the ACT College Readiness Test.

## **Transition Activities**

Transitioning students to the workplace, the military, or further educational opportunities is a goal for the school, as well as preparing students to be good, productive citizens. Each graduating senior completes a Senior Project designed to research careers, military and higher education options. Colleges and military recruiters provide presentations to the students, and students receive assistance from the local college access program (Coshocton CARES) to complete FAFSA documents and for college advising. The JOG program helps students develop job search and workplace skills, including resume development.

The rating for academic performance is "meets" performance. The school follows the state testing guidelines, and students continue to find success as evidenced by the earning of high school credits and eventual graduation.

## **Fiscal Performance**

The sponsor treasurer creates monthly financial reports, and enrollment reports are also available and shared with the Sponsor representative for review. The sponsor also receives or has access to the governing authority board-approved reports and minutes, which typically detail enrollment and financial reports. Internal controls are in place for the requisition of funds and other fiscal operations. All financial records for the Coshocton Opportunity School are maintained in the same manner as for the Coshocton City School District.

The Coshocton Opportunity School has continued to maintain stable finances due to steady enrollment and modest increases in state aid per pupil. The majority of its operating revenue comes from state aid with modest receipts (i.e. Less than \$5000) in the form of donations that are often received but cannot be guaranteed. Like most schools, the Opportunity School is vulnerable to a decrease in revenue that is directly linked to a decrease in enrollment but this is deemed highly unlikely.

The average annual enrollment of 41 students is expected to continue in the future due to similar historical trends. State aid in anticipated to increase by \$10 per student per year and operating expenses will increase slightly as the result of place holders for a 2% potential salary increase. Staff members work part-time resulting in increased cost efficiency with the control of personal costs and no group health benefit costs that can be difficult to control.

Expenses have been declining since the 2015-2016 school year but are anticipated to increase in the future due to projected staff salary increases. Going forward salary increases are projected at 2% annually. Benefit costs represent 16.13% of the salary costs for retirement, Medicare and workers comp contributions and will increase in proportion to salaries increases. In addition, one staff member carries group health insurance at a cost of \$18,669 in FY18. The insurance premiums increased by 10% in FY18 and is projected to grow in future years due to rising claim costs. The premium is projected in increase by 7% in FY19, 5% in FY20 and 4% in FY21 and 4% in FY22. The purchase services and supplies/materials are expected to incur inflationary type increase of 1%.

The Coshocton Opportunity School routinely prepares an annual financial report that is subsequently submitted to the Auditor of the State of Ohio or an Independent Public Accounting firm for evaluation of its financial position, cash flows, internal controls and adherence to accounting principles. The auditor report indicates that they have obtained sufficient and appropriate support of their opinion that the financial statements present fairly, in all material respects, the financial position of the Coshocton Opportunity School as of June 30, 2016. The financial report highlights a net position at June 30, 2016 was \$136,670 and operating revenues accounted for \$301,326 in revenue of 72% of all revenues. Note: The June 30, 2017 audit report is under development at this time and no items of negative consequence have been noted to date.

The rating for fiscal performance is "meets" the performance level.

## **Organization and Operation**

The school organization and operation is handled using the same policies, procedures and protocols as the sponsor district. The contract between the sponsor and the school is specific in its language and expectations. Due to the nature of the accessibility of the school and the district, multiple opportunities exist for the school and sponsor to interact, and address issues, if any. Technical assistance is provided weekly through our treasurer's office, as well as our EMIS and enrollment personnel. The school participates in professional development opportunities, as well. The school and Governing Authority maintain appropriate governing authority meeting minutes and open meeting notices and requirements. Financial and enrollment reviews are conducted on a monthly basis. The governing authority, fiscal officer, director, and staff follow the contract and ensure the instructional program and educational philosophy are followed. The governing authority has successfully executed the educational program as defined in the contract. Admission standards and special education services requirements are met. The sponsor and school developed a quality improvement plan for the 2016-2017 school year that addressed all school contract compliance concerns, as the school continues to make significant progress toward meeting the terms of its contract.

The rating for organization and operation is "meets" the performance level.

## **Legal Compliance**

The contract is in the final year of a three-year contract between the sponsor and the school, and it was vetted/written with the assistance of legal counsel. All legal requirements in statute are noted in the contract. Future site visits and sponsor monitoring will help to address any deficiencies. Proper documentation will ensure all legal compliance areas are met in the future. The sponsor will improve the monitoring and evaluation process of the school, using the tools and rubrics provided by ODE, to ensure that all laws applicable to the school and all terms of the contract are in compliance. The sponsor is working with the school and will continue a quality improvement plan for the 2017-2018 school year that will address all legal compliance concerns, as well as the school's progress toward meeting the terms of its contract. The school was provided a corrective action plan for all non-compliant items for the 2016-17 school year. These non-compliant areas are being addressed for the 2017-18 school year.

The rating for legal compliance is "did not meet."

Receipts:
State Aid is anticipated to increase by \$10 per student each year and reflects a steady enrollment of 33 students
Non-operating receipts reflect donations that can be received but are not assured therefore zero is projected for future years

က

## **FIVE YEAR FORECAST**

		Actual					Forecasted		
Fiscal Year									
2013	2014	2015	2016	2017	2018	2019	2020	2021	2022

Disbursements: Salaries reflect a 2% increase in all future years.

Benefits represent 16.13% of the salary costs for retirement, Medicare and workers comp contributions that vary in proportion to salaries. In addition, one staff member carried group health insurance at a cost of \$18,669 in FY18. The insurance increased by 10% in FY18 and is projected to grow in future years due to rising claim costs by 7% in FY19, 5% in FY20 and 4% in FY21 and 4% in FY22 Purchased Services trending up by 1% for inflationary increases.

Supplies and material trending up by 1% for inflationary increases.

Equipment reflects no new purchases at this time due to replacing items damaged by water and subseqently replaced under the insurance claim
