

Dear Friend,

This letter is being sent to introduce you to the John Bellino Charitable Foundation. Our Board of Directors formed in 2023 and is chartered as a 501(c)(3) organization – Tax ID 93-2178696. Our mission is to fund scholarships for deserving high school graduates who are going on to pursue a career working in the construction trades.

The foundation was established in memory of my late husband John, who passed away of a sudden heart attack on April 3, 2023, at the age of 57. John was a loving and devoted husband, who lived every day making sure that I felt loved, cared for and supported. He was a fierce protector of his family and friends and was always willing to offer a helping hand to those in need.

John was also passionate about his career as an electrician. He worked in the trades as a Union Electrician for over 30 years, overseeing one of the largest groups of electricians working on Boston's "Big Dig." He subsequently went on to teach the younger generation of tradespeople at the Greater Lawrence Technical School - a career he took very seriously.

Our goal is to continue John's legacy by supporting those who want to pursue a career in the trades. However, we can only achieve this with the help of generous donations from members of our community. Therefore, we kindly ask you to consider making a donation to our cause and help us keep John's memory alive.

Thank you in advance for your consideration.

Sincerely,

Kris Bellino
