

On the following pages are an example of a lesson plan. There are no guidelines or requirements on the formatting of the lesson plan. This is merely an example. It is not a complete, finished example, just a starting point. The NVSCA and LVMPD require the below information to be provided in a lesson plan:

“A detailed lesson plan which accounts for the minimum course length and standards adopted, which includes, but is not limited to instruction in the use of handguns, the laws of this state relating to the use of firearms and concealed carry of firearms, liability, and gun safety. The lesson plan should include a copy of the course certificate and all relevant handouts and student learning materials.”

As such the following items **MUST** be located within the lesson plan you provide, as defined by the NVSCA:

Documentation of the location and length of the course, specifically but not limited to:

- All training must take place within the state of Nevada. The course must be a minimum length of 8 hours. This can be one 8-hour course or two 4-hour courses that are no longer than 15 days apart. No certificate shall be issued until the student successfully completes the entire course. The course must include the approved written examination and firearms qualification for a handgun. The certificate is valid for the CCW application for one year from the date of successful completion of the course.
- Training must include instruction in the use of a handgun and in the Federal laws, and laws of this State relating to the use of firearms and concealed carry of firearms, liability, and gun safety. {NRS 202.3657, and Title 18, USC 922 (g)}
- The certificate must only state qualification with a handgun. It does not require specific make, model, or caliber to be listed. The certificate must state the course was 8 hours in length and the location the training occurred, to include classroom and range. The certificate shall have the instructor and student signatures and initials where appropriate.

Documentation of the actual firearm course, specifically but not limited to:

- A total of 30 live bullet rounds for 6 shot or larger capacity and 25 live bullet rounds for 5 shot capacity must be fired. Firearms with less than a 5 shot capacity will have to be reloaded at each stage to comply with the 5 shot capacity standards. A minimum score of 70% is required to pass and shall be indicated on the certificate as “Pass/Fail” only. A humanoid style target such as the B27, B21 or FBI Q shall be used.
- A live bullet round has a cartridge consisting of the case, primer, propellant powder, and a metallic projectile. Use of simulated ammunition, such as Simunition© or other similar training rounds are precluded from use in the firearms qualification.

| <u>6 Shot Capacity Course</u> | <u>5 Shot Capacity Course</u> |
|--|--|
| 3 yards 6 rounds No time limit Freestyle stance and grip. | 3 yards 5 rounds No time limit Freestyle stance and grip. |
| 5 yards 12 rounds No time limit Freestyle stance and grip. | 5 yards 10 rounds No time limit Freestyle stance and grip. |
| 7 yards 12 rounds No time limit Freestyle stance and grip. | 7 yards 10 rounds No time limit Freestyle stance and grip. |

Written Examination:

- The written examination attached will serve to demonstrate basic knowledge of the required subjects. The test requires a minimum of 70% to pass and will be indicated on the certificate as “Pass/Fail” only.

Course Certificate, relevant handouts and learning materials, specifically but not limited to:

- Please include actual copies of any handouts used in instruction, PowerPoint presentations and a copy of certificates that will be issued.”
