

**DIVE FLAG
JEWELRY**

Great for gifts!

About Dive Flag Jewelry

Each item features the classic dive flag inlaid into rhodium-plated brass or bronze. Use of rhodium means the jewelry has a very durable finish that **will not tarnish**. The flag is inlaid into channels in the rings and pendants, making the design extremely durable too, since the flag is not just painted or baked on.
Use of simulated inlay in Dive Flag Jewelry protects our reefs!

Let the world know you're a diver!
