PASTOR'S TESTMONY

Dear Sir,

Praise the Lord, greetings to you all in the name of our Lord and savior Jesus Christ. My name is pastor Ch. John. I was born and brought up in a Hindu family where my four fathers used to do much Idol worship and sacrifices on pagen gods. When I was grew up I was followed our four fathers tradition and doing more Idol worship then our parents and visited several temples and gave offerings and sacrifices every years it became our tradition to visit some of our famous God and temples while I was there in my rituals suddenly I have lost my eye sight and became physically blind. Our family members took me to several hospitals and even temples no one was able to find solution for my sickness. I have lost all of my hopes and thought my life is going to be an end. But I was not knowing about real god and healer Jesus Christ. One day while I was on my bed and thinking about my pathetic condition an old women visited me and shared about Jesus and about his compassion and explain about gospel and about his miracles. I thought it wont work as she said because we have lot of God's who never hear my cry and not responded for my troubles.

So I heard her story about Jesus and I thought I may not work and use less for me. But same knight while I was sleeping on my bed I have seen a vision of Jesus he came to me direct and touched me and said I will make you as a living testimony for many people's salvation miraculously Jesus had healed me that same night and said "you will be my living witness".

The next day when I was wakeup from my bed several people along with my family surprised to see me with good eye sight. Then I have share to everyone what had happened to me. Then I submitted my life to Jesus and accepted him as my personal savior and decided to follow him. Now the real test started in my life with my family and relatives and neighbor's that I should not follow Jesus. Though they were many restrictions arised I never trued back even I got problem with witch craft deed and opposite from my own people. But God had protected me from all my destructions. Now I am serving the living God and led many people to Christ and has two churches, I know the starvation and I have walked hundreds of miles to reach our believes and share about love of Jesus Christ. Many more times I have got threatening and man handling and even beaten by ruff people. But God had protected me and still doing great thing in the ministry by the good spiritual guidance and through your prayers we are serving our living God. So please continue your prayers.

Thanking You Sir,

Yours obediently
