### ASPOTOGAN HERITAGE TRUST SUBSIDY PROGRAM

Through the Years receives a grant of up to \$10 000.00 a year from the Aspotogan Heritage Trust for the purpose of helping families manage the cost of child care. A number of factors are taken into account when subsidy is awarded, not just financial status of a family, so we invite any families to apply. Social need and family dynamics are an example of two other factors that the committee looks at when awarding subsidy to a child. The application is a simple three-page questionnaire that asks some financial information but also gives families an opportunity to describe how having their child at Through the Years benefits not only the child but the whole family. All information given on the application is kept in the strictest confidence. The next six-month subsidy period starts April 1st, 2019. Those wishing an application, see ME. Those currently receiving AHT subsidy **YOU MUST REAPPLY**. See ME for your original application to update. Applications due no later than Monday, March 25th, 2019.

**FEW REMINDERS:** Parents please do not give out the four digit security code to the front door to your children. You may notice the door is still not latching even after having it serviced and also installing a vent in the vestibule to stabilize the air. Please bare with us as we continue to troubleshoot the problem and come up with a solution. In the meantime if you see it ajar please pull or push it shut.

Until next time, *Mary Ellen*
