**Genuine Essiac**

## **We Believe in Our Organic Essiac So Much, We Guarantee It!**

Your *first* concern when choosing Essiac tea should be whether or not the formula is from a *credible* source. After all, what is the point in taking Essiac if it it's not the real stuff?

### **Our Formula was Developed by Rene Caisse, the Founder of Essiac.**

Rene Caisse is the Canadian nurse who brought Essiac tea into popular use. Rene Caisse and Dr. Charles Brusch spent eight years together studying Essiac tea at the Brusch Medical Research Center in Cambridge, Massachusetts.

### **Rene Caisse Found That Additional Herbs Enhanced the Essiac Formula.**

Rene Caisse and Dr. Charles Brusch researched Essiac tea from 1959 to 1967. They found that one of the Essiac tea formulas consistently outperformed all others. This formula was composed of the original four Essiac herbs combined with an additional four herbs. This new and improved eight herb formula maximized the effectiveness of Essiac when taken as a tea. It's the formula Rene Caisse new worked the best and the one she endorsed toward the end of her career. You can read all about this in the book *The Essiac Report* by Richard Thomas.

### **Why the “Original” Four Herb Essiac is *not* your Best Choice.**

When a company says they have “original Essiac,” that is nothing to brag about! This is because the original formula is the older one that Rene Caisse left behind due to it not being as effective as the eight herb formula. Don't let misleading marketing campaigns fool you.

### **How the Paulhus Family Took Over for Rene Caisse and Dr. Brusch.**

Our family was fortunate enough to be introduced to Dr. Charles Brusch through a common friend. All of us are from the Boston area. As Dr. Brusch grew older he appointed our family as the ones to make sure Essiac remained available to anyone and everyone. Dr. Charles Brusch passed the formula along to our family so that we could distribute it to whomever may need it. He wished for us to keep pricing as low as possible so that everybody had access to it. In keeping with his mission, we provide Essiac at the lowest cost possible. All of our Essiac products ship free domestically – no minimums!

## **Essiac Available at Reduced or No Cost for those with Financial Need**

We personally have been affected by having loved ones who were sick and unable to afford alternative options. We know how sad that can be. In fact, we are *so* determined to get Essiac to those who need it that we can provide you with Essiac at reduced cost or even free of charge to you if you have financial need where you can't afford anything beyond basics. All you have to do is ask.

## **How Our Essiac Formula Works**

This Essiac formula has led to hundreds of thousands of not just satisfied, but *thrilled* customers over the years. Dr. Charles Brusch and Rene Caisse researched a variety of eight herb formulas and found this one we still use today to be superior to all four herb blends. Dr. Brusch has stated, "Clinically, on patients suffering from pathologically proven cancer, [Essiac] reduces pain and causes a recession in the growth; patients have gained weight and shown an improvement in their general health...Remarkably beneficial results were obtained even on those cases at the 'end of the road' where it proved to prolong life and the quality of that life...The doctors do not say that Essiac is a cure, but they do say it is of benefit."

## **Our *Industry-Exclusive* Money-Back Guarantee**

Please don't hesitate to give Essiac a try, because you don't risk a *thing* when you try Genuine Essiac! No other company is so confident in their product that they offer a money-back guarantee! *All* of our customers are covered by our 6-Month [100% Money-Back Guarantee](#). Our customers almost never have to take us up on this—there is no way we could stay in business if a lot of our customers did! This is our way of proving to you how confident we are in our product. We wish for you to be able to try Essiac risk free. We only want you to pay when it works, and for that reason we extend the Guarantee to all users.

## **Here is the way our Genuine Essiac Guarantee works:**

Order Essiac and give it your own personal test run. Take it as directed for 6 months. If you haven't experienced any health improvements by the six month mark, simply contact us at that time to let us know and we will issue you a complete refund. Research shows it can take up to 6 months for the full benefits of Essiac tea to begin showing up in the body. You may start feeling better much sooner – but then again, you may not. Please be patient.

Please direct refund inquiries to our phone: 1-978-504-9517, or our email [genuineessiac@gmail.com](mailto:genuineessiac@gmail.com). *Make sure you have taken Essiac as directed for the full six months in a row before requesting your refund.* You won't need to mail anything back, because unless you ordered a huge amount of tea, you would have used it all up by the 6 month mark.

## Why Essiac is NOT Cheaper on Amazon

We get it - many people use Amazon as their go-to for purchasing just about everything. It's convenient and is usually affordable enough. However, Essiac is *not even close* to being the cheapest when purchased on Amazon!

Essiac Brand	Cost per pound
Genuine Essiac	\$68.97
Flor Essence Essiac on Amazon	\$278.51

**The first thing you need to know is that there are a *ton* of bogus formulas on Amazon.** In addition to that, most of the Essiac products found on Amazon only contain four herbs, which is not the research-proven best form of Essiac tea available. Rene Caisse and Dr. Charles Brusch worked together studying Essiac at the Brusch Medical Research Center from 1959 to 1967 and were able to determine that eight herb Essiac is best. Visit [this page](#) for more info.

**Here is another Essiac product sold on Amazon that contains the same eight herbs as ours:** Flor Essence Detox Dry Tea Blend contains 2 1/8 oz. and costs \$36.99 today on Amazon). Their Essiac product costs \$278.51 per lb. of herbs.

**Our Genuine Essiac product contains four 4 oz. packets and is made up of the same eight herbs.** Our Essiac costs \$68.27 per lb. of herbs - *only 25%* of what it costs to order on Amazon!

**Want even *more* savings?** If you purchased our larger value size, a six month supply, the cost per pound drops even more. That supply is \$179.97. This product costs \$55.37 per pound of herbs - *only 19%* of what it costs to order on Amazon.

## **Our low prices are due to many factors, but are NOT due to poor quality!**

**Here is how we have been able to keep the quality of our product to the highest standard even though our prices are the lowest anywhere:**

1. We receive huge volume discounts from our herb suppliers since we sell so much Essiac.
2. We ship direct to you, eliminating “middleman” expenses.
3. We have low overhead costs as we don’t have a storefront.
4. Our Essiac formula works so well that our best advertising is word of mouth - and that doesn’t cost us a penny!
5. Our mission is in alignment with Rene Caisse and Dr. Charles Brusch. It’s to provide Essiac to as many people as possible and with affordable pricing.

Our Essiac tea less than \$1 per day to use, which comes in at less than 20% of the cost of most other brands you will see online. We are confident that we are your best, most affordable option when it comes to Organic Essiac tea.

If you have any questions or concerns at any time, simply call us 7 days per week from 9am-9pm ET at 1-978-504-9517 or Toll-Free: 1-866-ESSIAC1 (1-866-377-4221). You will be able to speak directly with someone who knows all about Essiac, and we pick up instantly. You may email us anytime using [genuineessiac@gmail.com](mailto:genuineessiac@gmail.com). We respond within 24 hours Monday through Saturday.

Sincerely,  
Gina and Bryan Paulhus

## **Our Herb Quality is Best in the Industry. We Have Always Included the Sheep Sorrel Root in our Essiac Formula.**

At GenuineEssiac.com, we have always shopped herb suppliers based upon the recommendations of Dr. Charles Brusch. We have always included the sheep sorrel root in our blend. Rene Caisse was adamant that the sheep sorrel must be used with the root included for optimal results.

### **The herbs we use in our Essiac formula are:**

- Organic
- Chemical-free
- Pesticide-free
- Non-irradiated
- Fully mixed and blended per the exact ratio specified by Rene Caisse and Dr. Charles Brusch
- 100% Fresh every time
- Each batch is tested and used by us before it is shipped to customers

We presently obtain seven of the eight herbs we need for the Essiac formula (blessed thistle, burdock root, kelp, slippery elm bark, red clover, Turkish rhubarb root, and watercress) from Starwest Botanicals, Inc. in California. Our sheep sorrel includes the root and is sourced from a private grower in Arkansas.

## **Freshness of Our Herbs**

The moisture content of our herbs is as follows: 12-15% moisture content for the blessed thistle, sheep sorrel including the root, and kelp, and less than 10% for the burdock root, red clover, slippery elm bark, watercress and turkish rhubarb root. Our herbs are incredibly fresh because we sell tens of thousands of pounds of Essiac every month. We turn over our entire inventory of herbs every 2-3 weeks. This means that our suppliers' herbs are fresh, too. They can hardly keep up with all the Essiac we are selling worldwide! Many of our customers have commented on how fresh our herbs look, smell, and taste. If you purchase Essiac from an outlet that sells many different herbal formulas, you're much more likely to receive stale herbs. Since we specialize in Essiac, there is never stale inventory lying around.

*If you ever have a concern about the quality of our herbs or packaging, please let us know! If you order doesn't come or doesn't arrive in pristine condition, let us know! We will make it better. Happy customers are our #1 priority! Certificates of Analysis (COA) are always available upon request.*

# The Essiac Tea Ingredients

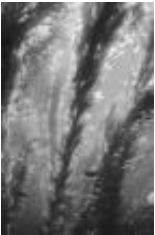

All of our Essiac herbs are organic, non-irradiated, pesticide-free, and chemical-free. They are powdered just as Rene Caisse specified, shown here: <https://www.youtube.com/watch?v=cT4TpEpGApq> - see min. 19:57.

**Blessed Thistle** is used for digestive problems such as gas, constipation and upset stomach. This herb is also used to treat liver and gallbladder diseases.

**Burdock Root** serves as a mild diuretic for those who carry excess fluid. It increases the production of urine and sweat, potentially making it useful in treating swelling and fever. Burdock root might play a role in preventing liver damage caused by alcohol, chemicals or medications. The exact reason is thought to involve opposition of a chemical process called oxidation, which is a reaction that occurs in the body during normal metabolism. One result of oxidation is the release of free radicals, which are chemicals that may suppress immune function and have been linked with cancer. This antioxidant may protect cells from damage caused by oxidation.

**Kelp** is a sea vegetable that is a concentrated source of minerals, including iodine, potassium, magnesium, calcium, and iron. Kelp as a source of food-based iodine assists in making thyroid hormones, which are necessary for maintaining normal metabolism in all cells of the body. The average American is deficient in iodine. Having sufficient iodine in the body can improve energy levels, boost the immune system and make it easier to maintain a healthy body weight.

**Red Clover** is a source of calcium, chromium, magnesium, niacin, phosphorus, potassium, thiamine and vitamin C. The isoflavones isolated from red clover have been studied for their effectiveness in treating some forms of cancer. It is thought that the isoflavones prevent the proliferation of cancer cells and that they may even destroy cancer cells.

**Sheep Sorrel, including the root** (It's 20% root) contains an abundance of oxalic acid, sodium, potassium, iron, manganese, phosphorous, beta carotene, and vitamin C. Sheep sorrel is a mild diuretic, mild antiseptic and a mild laxative for those in need of these effects. These properties make sheep sorrel useful for ridding the body of toxins.

**Slippery Elm Bark** has been used as a poultice for cuts and bruises, and also for treating aching joints due to gout, arthritis or other causes. This herb also helps to alleviate sore throats. Slippery elm bark is an active ingredient in many throat lozenges. Since sore throat and cough are often linked, slippery elm bark has also been used in cough remedies. It also can alleviate both constipation and diarrhea by regulating the digestive tract.

**Turkish Rhubarb Root.** This detoxifying herb is world-famous for its healing properties. Rhubarb root purges the body of excess bile, parasites and stagnated food by stimulating the gall duct to expel toxic waste. It has been shown to alleviate chronic liver problems by cleansing the liver. Rhubarb root improves digestion. It has also been shown to help heal ulcers, alleviate disorders of the spleen and colon, relieve constipation and help heal hemorrhoids and bleeding in the upper digestive tract.

**Watercress.** Abundant in vitamin C, watercress is used as a general tonic. Its bitter taste is thought to stimulate the appetite and improve digestion. It can be used to alleviate nervous conditions, constipation, and liver disorders. Watercress is a popular cough and bronchitis remedy. It contains a remarkable substance called rhein, which appears to inhibit the growth of pathogenic bacteria in the intestines. It is believed that rhein is also effective against *Candida albicans* (yeast), fever, inflammation and pain.

## Benefits You May Receive from Essiac Tea

Essiac tea's primary actions are to remove heavy metals from the body, detoxify the body, restore energy levels, and rebuild the immune system. All of these effects help restore the body to a level to where it is able to better defeat illness and disease *using its own resources*. Essiac helps rebuild the immune system and improves the body's strength and capacity to fight off disease so that the body can have a better chance to rid itself of illness and disease. Essiac also helps combat inflammation which can support healing.

### **Here are some of the reported effects of Essiac tea in the body.**

1. Prevents the buildup of harmful fatty deposits in the artery walls, heart, kidneys and liver.
2. Regulates cholesterol levels by helping convert sugars and fats into energy.
3. Destroys parasites in the digestive system and throughout the body.
4. Helps counteract the harmful effects of aluminum, lead and mercury poisoning that can cause illness and disease.
5. Strengthens and improves the functioning of muscles, organs and other tissues throughout the body.
6. Makes bones, joints, ligaments, lungs, and membranes stronger and more flexible, and therefore less vulnerable to stress or stress injuries.
7. Nourishes and stimulates the brain and nervous system.
8. Promotes the absorption of necessary fluids into the body tissues.
9. Removes toxic accumulations that accumulate in bodyfat, lymph tissue, bone marrow, bladder and alimentary canals.
10. Neutralizes and eliminates acids in the bowel.
11. Absorbs and eliminates toxins in the bowel.
12. Clears the respiratory channels by dissolving and expelling mucus.
13. Helps relieve the liver of its burden of excessive detoxification by converting fatty toxins into water-soluble substances that can then be easily eliminated through the kidneys.
13. Assists the liver in producing lecithin. Lecithin forms part of the myelin sheath and is a white fatty material that encloses end nerve fibers. Lecithin is very important for nerve health.
14. Reduces heavy metal deposits in tissues (especially those surrounding the joints) which then reduces inflammation and stiffness.
15. Improves the functions of the pancreas and spleen by increasing the effectiveness of insulin in the body.
16. Purifies the blood.
17. Increases red blood cell production and helps prevent red blood cells from rupturing.
18. Increases the body's ability to utilize oxygen by increasing oxygen levels in the cells.

19. Maintains the ideal balance between potassium and sodium within the body, which helps regulate fluid balance inside and outside each cell. This keeps all body cells nourished with nutrients and optimally cleansed.
20. Converts calcium and potassium oxalates into a harmless form by making them solvent in the urine. Regulates the amount of oxalic acid delivered to the kidneys, thus reducing the risk of stone formation in the gallbladder, kidneys, and urinary tract.
21. Protects against toxins entering the brain.
22. Protects the body against the harmful effects of radiation and X-rays.
23. Relieves pain due to positive effects on inflammation.
24. Speeds wound healing by an increasing the rate of cell regeneration in the damaged area.
25. Increases the production of antibodies such as lymphocytes and T-cells in the thymus gland to aid in the defense of the immune system.
26. Inhibits benign growths and tumors.
27. Protects the cells against the harmful effects of free radicals.
28. Assists in the removal of parasites and biofilm.
29. Decreases sugar cravings due to improved blood sugar control.
30. Increases energy levels and increases one's sense of well being.

## **Here are Some Health Conditions that Benefit from an Improved Immune System and Body Detox**

It has been proven that the herbs that make up Essiac tea reduce levels of toxins and improve the immune system.

1. Cancer (both internal and external to the body)
2. Tumor growth (benign or malignant)
3. High blood pressure and high cholesterol
4. Diabetes
5. Arthritis
6. Chronic pain, including that associated with Fibromyalgia
7. Ulcers
8. Liver problems
9. Problems with the colon, including Irritable bowel syndrome (IBS)
10. Sinus trouble
11. Gout
12. Pneumonia and chest colds
13. Kidney and bladder problems
14. Diarrhea and constipation
15. Fluid retention (edema)
16. Obesity
17. Asthma
18. Allergies
19. Hepatitis C

## A Few Essiac Tea Testimonials

*"I'm doing quite well. I have been on the Essiac Tea for over a year now and have not missed a serving. I am a stage 4 cancer survivor who was sent home to die ten years ago.*

*After being sliced, diced, radiated, and poisoned for a year. I learned of Essiac Tea from books that I have collected over the years.*

*I believe that this tea has saved my life. I started the tea in January and 3 months later I had a pet scan and no cancer. After what I have been through I will never stop taking your tea. Because of my ordeal my wife got sick with liver disease and her prognosis was grim. It was my turn to help her. I started her on the tea. She responded unbelievably well to the tea. She and I take no medication, and our blood markers are all within normal range. Neither of us have told the doctors what we have done. The books I have read say it's best not to say anything. I have connected with a lot of people who are sick or knows someone who is sick.*

*I recommend your Essiac tea to everyone. I'm a walking Essiac testimonial. Whenever I order the tea it always arrives on time."*

**-Thomas Bezak, Maryland**

*"Very pleased with the tea. I take it 3 times a week and feel terrific. My dad has been taking it for 10 months for stage 4 bone cancer and it has done wonders for him. He is stage 4 bone cancer, and his doctor is amazed how it has helped him."*

**--Joe Nimey, NY**

*"I have been taking ESSIAC since May 13th. My usage has been 3 x 3oz daily. My main reason for going on this course was because of a prostate problem that was threatening to get a little more serious, and I was putting off visiting the doctor because I knew where he would send me.*

*Within a few weeks of taking ESSIAC I noticed I was going to the toilet almost every 2 hours, and my urine was not looking very good, with quite a bit of blood showing. This went on for almost 6 weeks, and I said to my wife, I may have to go and get the problem sorted in hospital, but because of the COVID-19 virus, I was reluctant to go into hospital. So, I kept up my Essiac and almost like a miracle, I noticed a sudden change, not only with my toilet problems, but I in my overall feeling of wellness, in eating, sleeping etc.*

*That was two weeks ago now and I am happy to say that I appear to be completely free from my prostate problem. I have more energy, am less worried about the future, not worried about COVID because I think my immune system has been supercharged. I will continue with my regular 3x3oz Essiac, and will be placing another order with you, God willing, later in the year. And I have become an expert in making the ESSIAC TEA!!! Thank you and good health to you and your family.*

**--Joe Campbell, Dublin, Ireland**

*"Essiac tea helped my dad last year with the cancer on his spine. After my dad came home from the he was on oxy-contin, and was in a tremendous amount of pain from radiation). Basically, they sent him home to die. I brought him Essiac and he started taking it, just to appease my sister and me. Two days after taking the Essiac tea, his pain went away, and his CT scans were good--the doctors were amazed! I have seen that this works and we like the idea of purging cancer causers from our bodies. It is hard to find real Essiac tea at an affordable price, which is why we are so glad we found you."*

**--Karen Scott, CT**

*"This wonderful herbal mixture actually works. I am no longer diabetic because of Essiac. I absolutely love it. It also lends a strengthening of will and fortitude to live. Essiac is a Wondrous miracle of nature. **--Jason Honor, CA***

*"A very big thank you! I am a 5-year survivor of stage 4 malignant melanoma. I had my second surgery on July 31 when the cancer metastasized and a tumor appeared on my liver. It was successfully removed. There was no other treatment available. That was good news (I didn't plan to do chemo again anyway).*

*I was told I still had a suspicious cyst on the midsection of my liver. Doctors suggested to watch for changes. I started Essiac tea in August. I went back for a recheck January 12. I had a pet scan, cat scan and blood work. All results are normal! No sign of cancer and the cyst...it's gone! The doctor couldn't believe it and said she couldn't explain it. She was just hoping it didn't grow or change shape. But it actually vanished!!*

*I feel great, I am running 2 to 4 miles a day. I work full time and all is good. I can't thank you enough. I want to help pass on the great benefits of Essiac. I believe."*

**--Sue Flanagan, FL**

*"I have been practicing alternative medicine since 1980. I have always known about Essiac and recommended it to many of my patients over the years, but never saw the 'need' to take it myself. After all, I didn't have cancer! Thank God I discovered your website. I didn't realize that there were many different formulas out there or that Essiac could be used for so many different things.*

*I was fighting bronchitis and gave Essiac a try. Two weeks later I am well! Also, I can truthfully say that I have more energy and feel better, as well as sleep better on Essiac. You must realize that these statements are coming from a 60-year-old alternative health practitioner. Until I tried the prescription cough meds to help me sleep last month, I hadn't taken a prescription in over 25 years. I plan on using Essiac for the rest of my life and I am going to recommend that all of my patients use it to detox before starting other treatments."*

**--Dr. Michael Cole, SC**

You can see more testimonials on our [Testimonials page](#).

## Essiac Side Effects, Compatibility and Interactive Concerns

Essiac has no side effects. There is however a beneficial effect that Essiac provides for some people. In the beginning some experience an increased frequency of needing to go to the bathroom. *This is a desirable effect* because, once the body is cleaned out, everything will begin to work more effectively. The reason that Essiac works is that the tea removes toxins from your body – *that is actually what you are hoping for!*

The increased frequency of needing to go to the bathroom will not be an uncontrolled diarrhea nor an uncomfortable sensation. If you are bothered by it, feel free to start lower and build up to taking the directed amount over time. However, please do not start your six month count of how long you've been on the tea until you are taking the suggested amount.

Essiac is compatible with all prescription medications. You can take medications at the same time as you take Essiac if you wish – you don't have the space them apart. Essiac is also compatible with chemo and radiation. Chemo and radiation can reduce the effectiveness of Essiac, and so if you are using those treatments, we suggest trying 6 oz. of tea three times per day rather than 3 oz. three times per day.

Essiac does not interact with supplements and you can take any and all supplements while taking Essiac. You can take supplements at the same time you take Essiac without a need to space them apart. You may take any other herbal tea or preparation alongside Essiac with no contraindications.

You do not have to change your diet while taking Essiac, although eating healthy is always a plus. If you choose to follow a special diet while taking Essiac that is fine. Be sure you are taking Essiac on an empty stomach – this means no food 2 hours before Essiac or 1 hour after.\* You may have black coffee or tea or unsweetened fruit or vegetable juice at any time, even the “empty stomach” time, and you may add any of those as well as stevia to your Essiac if you like.

\*protein powder or amino acids, although considered supplements by some, are considered food for the purposes of Essiac and should **not** be taken at the same time as the Essiac. Rather, you should treat protein powder just like food and take it with meals.

# Genuine Essiac Product Listing

*Our most popular order size is the 3 lb. 4 oz. Essiac in THIRTEEN (13) 4-oz. packets, and we recommend that size if you've never tried Essiac before. You'll also be sure to have enough to be eligible for the Guarantee. The convenience of the 4 oz. packets makes them popular.*

## Essiac Orders for Improvement of Health

(Each 4 oz. packet brews one gallon of tea at a time to be used up every 2 weeks when used as directed. Herbs keep for 2 years.)

These order sizes are listed from most popular to least popular.

Weight	Lasts one person*	packaging	Price
3 lb. 4 oz.	6 months	(13) 4-oz. pkts.	\$ 179.97
6 lb. 8 oz.	1 year	(26) 4-oz. pkts.	\$ 335.97
4 lb. 0 oz.	8 months	(4) 1 lb. bags	\$ 169.97
1 lb. 0 oz.	2 months	(4) 4 oz. pkts.	\$ 68.97
1 lb. 0 oz.	2 months	(1) 1 lb. bag	\$ 59.97

\*assuming the typical Improvement of Health use of 9 oz. of tea per day

## Essiac Orders designed for Maintenance

(Each 1 oz. packet brews 1 quart of tea at a time. The Maintenance order size is similar to the amount used for children and pets. See our website [GenuineEssiac.com](http://GenuineEssiac.com) for children and pet recommended use.)

These order sizes are listed from most popular to least popular.

Weight	Lasts one person for*	packaging	Price
1 lb. 2 oz.	3 months	(18) 1-oz. pkts.	\$ 89.97 Free
2 lb. 3 oz.	6 months	(35) 1-oz. pkts.	\$169.97 Free

\*assuming the recommended 6 oz. of tea per day

Domestic parcels ship free. For international rates please e-mail [genuineessiac@gmail.com](mailto:genuineessiac@gmail.com)

## To Place an Order, please visit our site\*\*:

[GenuineEssiac.com](http://GenuineEssiac.com). Click on the "Order Essiac" Dropdown menu. Or--Call in your order using 1-978-504-9517. We accept PayPal and all credit cards.

\*\*You may also do mail order by mailing this page with the item you want circled in pen plus a check or money order made out to: Gina Paulhus.

# Wholesale and Affiliate Programs for Resellers and Clinicians

We can provide wholesale pricing when you order the minimum quantities at a time for the purposes of resale. Learn more about minimums and order online on our [Wholesale page](#).

Our retail-ready products carry “generic labeling” available without our contact information so that your customers will return to you when they are ready to re-order. You may add your company name, logo and/or contact information directly to the packages (on the other side of the packet) if you wish. Preparation and usage instructions are included on the labels. Label-free Essiac packets are also available if you would like to create your own. Contact us if you have a special request.

**You may enroll in our Affiliate Program** in order to earn income every time someone orders via your link or coupon code: [Learn more](#)

## International Orders

We are happy to ship orders internationally. For price quotes you can email us your full name and shipping address to [genuineessiac@gmail.com](mailto:genuineessiac@gmail.com). Another faster way is to simply enter your address into our online shopping cart and see shipping prices for your order there. If you phone in international orders, be sure to call us using 1- and then 978-504-9517. We are on ET and take calls from 9am-9pm 7 days per week. You can also message us on Facebook: <https://www.facebook.com/genuineessiac/> or reach out on WhatsApp: 1-978-504-9517

We have been able to ship Essiac to most countries worldwide with no problem. If you are in Mexico and have the option of using a forwarding service from the US, that might be to your benefit. The average time for international orders to arrive depends on the service you choose. We offer USPS and UPS, and can send Fed Ex upon request. When we ship to Australia, we include a special note for customs as requested by them. *However, please note that if your parcel does not make it to your destination, we are not responsible for replacing missing international parcels.* International orders are placed at your own risk. Please check with your local post office or mail service that the product can be shipped to your area before ordering.

# How to Store your Essiac

**Store packets of herbs in a relatively cool, dark place.** Room temperature is fine as long as you keep the herbs out of the direct sunlight and away from a blasting heater or wood stove. If the room is comfortable enough to live in, it's fine for the herbs as well. You may store the herbs in the original packaging or packaging of your choice. If you open a packet and need to save some Essiac for later, reseal it with a twist-tie (such as the kind that comes with a loaf of bread). Unopened packets of herbs stay fresh for 2 years. Do not store the Essiac herbs (before they are brewed into a tea) in the refrigerator.

**Your brewed Essiac tea must be refrigerated.** Do not attempt to store brewed tea for longer than 2-3 weeks, because the tea may spoil. Store your tea in any food safe container such as the type of pitcher in which you would store iced tea or lemonade. Amber bottles are not necessary (there is no light inside your refrigerator, so the amber bottles aren't necessary for protection from light for this product as it's stored in the fridge once brewed).

## Easy Essiac Tea Brewing Instructions ([Video](#))

3. Step 1. Boil the necessary amount of water in a large pot.

The amounts for each size brew are\*:

To Make	Use
One gallon of tea	134 oz. water (This is best for Improvement of Health)
One quart of tea	36 oz. (This is best for Maintenance of Health)

\* the additional water is there to account for evaporation during the brewing process

Step 2. Add the appropriate amount of Essiac herbs.

The amounts for each size brew are:

To Make	Use
One gallon of tea	4 oz. herbs (If you don't have 4 oz. packets, please weigh on a kitchen scale: 4 oz. <b>dry herbs</b> = 113 grams--but an <u>estimate</u> is 1 ¼ cup using dry measurement cups)
One quart of tea	1 oz. herbs (If you don't have 1 oz. packets, please weigh 28.25 grams: estimation is one rounded ¼ cup using dry measurement cups)

4. Boil tea at moderate boil for 10 minutes, stirring occasionally.
5. Leave tea in pot, turn heat off, and let the mixture sit at room temperature for at least twelve hours, but no longer than 24 hours. You do *not* have to boil the tea twice.
6. Pour the tea into a container of your choosing and refrigerate. We prefer open top pitchers such as the kind you'd use for iced tea. The open top makes it easy to stir the tea with a large spoon before pouring each serving in order to ensure that you get some of the herbs into each and every serving. Do **not** strain the tea – leave the herbs in the tea. The herb particles are very fine and should disperse throughout the liquid upon shaking or stirring the container. Do not reheat the tea as that will “cook” it twice. Drink the Essiac quickly upon pouring servings or the herb particles will settle again. The herbs themselves are believed to increase the efficacy level of the tea. This is how Rene Caisse administered the Essiac.

## Essiac Tea for Children

Essiac may be given to children for the same reason that adults take Essiac. For more info: <https://genuineessiac.com/pages/essiac-tea-for-children>

## Essiac Tea for Pets

Essiac may be given to pets for similar reasons that humans take Essiac. For info. on Essiac and pets: <https://genuineessiac.com/pages/essiac-and-pets>

## Recommended Essiac Tea Use

**We have two main suggested levels of use for different needs.**

**1. Improvement of Health.** We advise those who wish to address a health condition or improve health take the Improvement of Health or the Aggressive PLUS. More details on these will follow in the next couple of pages.

**2. Maintenance (or Preventive).** This is what you take when you wish to keep your health the same. It might be used after finishing at least six months of the Improvement of Health level, to maintain results obtained by using the Improvement of Health level, or as a preventive.

To improve taste, some mix Essiac with all natural fruit or vegetable juice, lemon juice or stevia. You will get used to the taste once you start using Essiac regularly. Keep in mind that it's only 3 oz. at a time, and it's totally worth any bitter taste for the results you will gain.

---

**\*\*IMPORTANT\*\*** Take Essiac on an empty stomach—that means no food for 2 hours before and 1 hour after your serving! Fruit/vegetable juice, water, and black coffee or tea are all ok. Medications and supplements are fine to take along with the Essiac as well. It's ideal to space the servings somewhat apart meaning one serving in the morning, one in the afternoon, and one in the evening.

---

Sample eating schedule if you want to eat six times a day and still follow the empty stomach rules (if you want to eat fewer times a day, simply skip the snacks).

Take Essiac: 7am (you may have black coffee, tea or water at this time)

Eat breakfast: 8am, finish by 8:30am

Eat snack: 10:30am

Eat lunch: 12:30pm, finish by 1pm

Take Essiac: 3pm

Eat dinner: 5:30pm, finish by 6pm

Take Essiac: 8pm

Have snack: 9pm

Please be sure that you take one serving in the morning, one serving in the afternoon, and one serving in the evening. Aside from that, you may come up with any eating/Essiac schedule that works for you. If you are fasting, Essiac won't break a fast. You are not required to eat in between servings.

Doubling up and taking two servings at once because you missed a serving will lessen your results, so please do your best to take Essiac as directed.

If you forget and eat too close to Essiac, it won't harm you, but it will lessen your results from the Essiac. Go ahead and take Essiac anyway, but try to plan better next time.

If you are traveling, you may try making one cup at a time. This lessens results, but is better than nothing: <https://genuineessiac.com/blogs/news/how-to-brew-essiac-tea-one-cup-at-a-time> (you can search our site for "one cup.")

Tip: If you are out and about during the day, take Essiac with you in a thermos with a few ice cubes. That way you don't have to miss a serving.

# Using Essiac Tea: Detailed Info

**Improvement of Health:** Recommended amount is 9 oz. of tea per day, taken in three separate 3 oz. servings on an empty stomach.

--You should use this level if you have or suspect you have a health problem *of any type*.

--For best results, *stay on this protocol for at least 6 months*. After that time period, you may choose to switch to the Maintenance level of 3 oz. twice per day *once your test results have returned to normal*. If the original health issue persists, continue on the Improvement of Health level until your condition improves and you no longer suffer from the problem. It's OK to be on the tea for years and even decades in a row. There is no need to take a break.

**Aggressive PLUS** – This is an option for anyone who wants to be as aggressive with use as possible. It's particularly for those who are on chemo and/or radiation while using Essiac. This level is also used in some cases if an individual is given less than six months to live. It's 6 oz. of tea three times per day on an empty stomach. Anyone can choose to take this amount – it won't harm you.

**Note - Essiac and Chemo/Radiation:** Essiac can be taken along with traditional cancer treatments without interfering with those treatments. However, if you are undergoing chemotherapy and/or radiation, be aware that *chemo and radiation can lessen the effects of Essiac tea*. If you plan to continue your chemo and/or radiation while using Essiac, you might consider taking the Aggressive PLUS.

**Maintenance Level:** Recommended use is 3 oz. of tea twice per day. It's best to take one serving in the morning and one in the evening (meaning you should spread them out). Take the tea on an empty stomach.

--Administer the maintenance level for at least 6 months *after your test results have returned to normal*.

--Some take Maintenance as a daily preventive supplement. This is healthy and safe in the long-term. There is no need to go off of Essiac or take breaks, but you may do so if you wish if your health is great.

--The amount of time you should stay on the Maintenance Essiac is an individual decision. You may decide whether to continue indefinitely, or to stop using Essiac once your health is under control. Taking a break isn't going to affect how well Essiac works. Your body doesn't "get used to it." Feel free to contact us with any questions.

**Detoxification:** A detox regimen is typically something that is done for a fixed period of time. The best way to use Essiac tea as a detox is to take it for six months without interruption.

Reason being, Essiac really shines more in the long-term rather than as a short-term detox. The benefit to this long-term detox is that the results tend to be more thorough and longer-lasting. Essiac is also gentle on the body, with no unpleasant side effects. You can continue your usual diet and daily work schedule while taking it. All of these benefits make using Essiac for a gentle detox a popular choice for all ages. You can take 3 oz. three times per day for the six months. If you want to be sure you will maintain those good results after the six months have passed, you can take 3 oz. twice per day indefinitely if you like.

## Frequently Asked Questions

Frequently asked questions about Essiac tea are answered for your convenience [here](#).

## About us

Genuine Essiac, an herbal tea company, provides a dependable source of authentic, organic Essiac tea with old fashioned customer support. Our vision is to continue Rene Caisse's mission to bring Essiac tea to everyone who needs it.

We were introduced to Essiac in 1986. Aside from hearing incredible stories about Essiac over the years, Bryan became personally impacted by Essiac when his father experienced a full recovery from lung cancer using Essiac.

Bryan first introduced Gina to Essiac as a general health supplement back in 2005. Gina Paulhus, Bryan's wife, created GenuineEssiac.com so that everyone could enjoy quality Essiac tea that is the same as you would find at any reputable health food store, but at a fraction of the cost. She experienced greatly improved health upon using Essiac, including the elimination of her lupus symptoms and resolving her digestion disorder that had previously caused her to need two emergency intestinal surgeries. Gina was so impressed with Essiac that she created this website and decided she would like to help Bryan manage this company selling this herbal tea at a steep discount so that this popular herbal tea could be more affordable and accessible to everyone.

Gina and Bryan Paulhus reside in Haverhill, MA with their two cats. They enjoy traveling, going the beach and hiking. They share a passion for helping people.
