

To reach 1126 Ironwork Passage, unload luggage and get parked:

Please see Google Maps for our address and locate Lamey's Mill Road.

- From Lamey's Mill Road, turn into Sitka Square
- Take Forge Walk to the end
- Park **briefly** in the loading zone of the round-about (the parking enforcers love this spot!) to walk to 1126 to get keys
- To find 1126, turn right (facing the water) onto Ironwork Passage on the seawall and proceed a few yards to 1126 (you will see the brown wooden staircase leading to the entrance, which is upstairs to your right).
- **Please note** the bike lanes beside the sidewalk and always cross with caution because the cyclists can approach quickly.
- We hope to be here to greet you! If not, we will leave a set of keys for you under the front door mat.
- Inside, on the table by the front door, you will find the garage door key and fob, as well as a second set of keys. The keys are marked B (Back) and F (Front).
- Caution: When leaving the loading zone, please note that the bike lane goes through the north part of the round-about so we recommend reversing direction rather than driving around the circle.
- Drive back to Sitka Square and take the driveway that goes downhill off the north end of the square by Scantlings Rd. townhouse complex. Use the fob to open the gate.
- Parking is through the left gate, then turn right once through the gate.
- Our parking space is near the north end on your right, #36 (**Please note: there is a space closer to the entrance marked SL 36, which is NOT our space; our space is farther on marked simply "36", in smaller black numbers, in the white zone area of the parking garage.**)
- Take the green double doors, on your right facing the recycling bins, out of the garage, turn left, and you will see our backstairs going up to the back door entrance.

For a second vehicle, pay parking lots must be used. There are two in the vicinity. These are found at the intersections of Lamey's Mill Road and (1) The Castings, and (2) School Green. For briefer periods (maximum 2 hours), free parking may be available in Sitka Square.

Please leave one set of keys on the front hall table and the other under the front door mat when you leave.

Thank you and safe travels!
