About The Label:

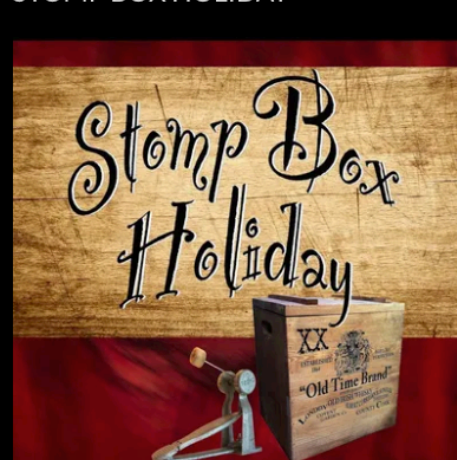

We are a boutique label that specializes in well-produced music you won't find anywhere else. All the acts are curated by Geza X personally. We defy trends. We hate genres. We are against racism, sexism, genderism, and ageism. If it sounds great and bends the envelope in some way we release it. You will find many unique musical styles and some wicked new surprises. We love music for its own sake and don't give a rat's ass about the money. Support Geza X Records and you are giving real artists the exposure they deserve. The reason Geza X has done this forever is because he's crazy about music, has mad tech skills, and just can't help it. It's the music. It's always been the music. Long live the music. That's literally why he is a legend.

RODNEY ON THE ROCK VOL 4

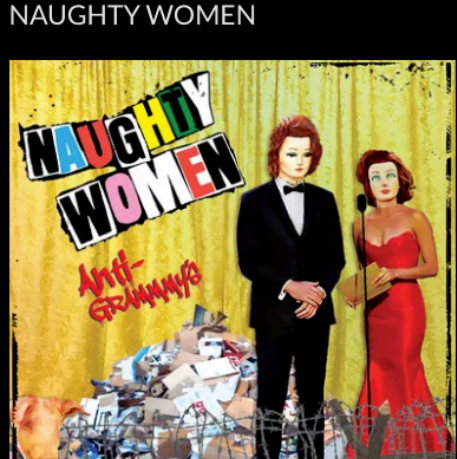

The long-awaited RODNEY ON THE ROCK VOL 4!! Radio legend Rodney Bingenheimer has curated 18 favorite songs from his SIRIUS XM show on Channel 21, Underground Garage. Every track is amazing! WE HAVE VINYL TOO!!! (check our shop for bands/titles!!)

STOMP BOX HOLIDAY

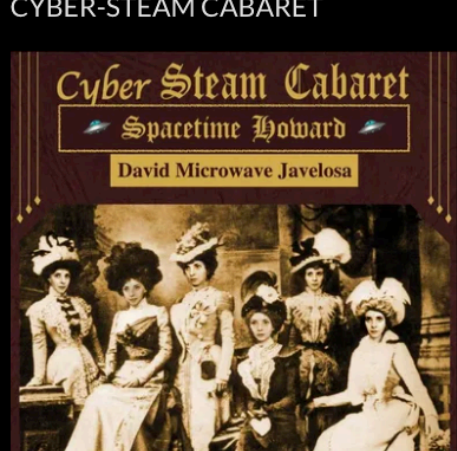

Los Angeles based Americana with a modern twist. Foot stomping, washboard scratching Rootsy Rock with Cowboy boots and a rowdy stage show. Made for the Hollywood Hillbilly in us all!

NAUGHTY WOMEN

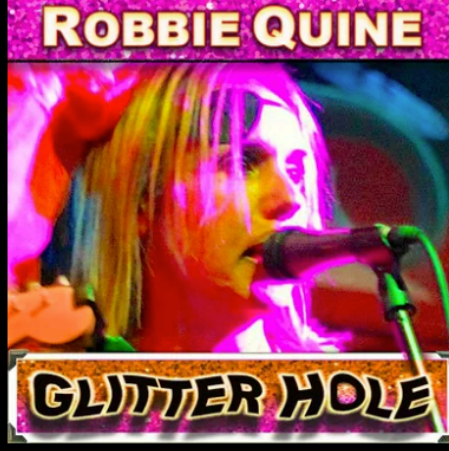

Are they Punk? Are they Death Metal? Are they earth-blistering Rock & Roll? YES! Shouldn't music this vile have SOME redeeming qualities?? We don't know. What we DO know is it kicks ASS!! SoCal's first punk band returns to haunt us. Vinyl Version available on our store!

CYBER-STEAM CABARET

"Spacetime Howard" 1-song single!! SPECIAL PROMOTION from the vinyl album to be released later this year. A BRILLIANTLY obtuse and intelligent song by Dave "Microwave" Javelosa formerly of San Francisco's legendary Punk-Art band LOS MICROWAVES!!

ROBBIE QUINE

Imagine if David Bowie came back on a surfboard and joined The Cramps!! That's about as close as we can describe this wonderfully eccentric and Glammy album from Robbie Quine! (Formerly of Barbarellatones and Sex With Lurch). SUPER-POPULAR ON ALT RADIO!!

STRYCHNINE 99

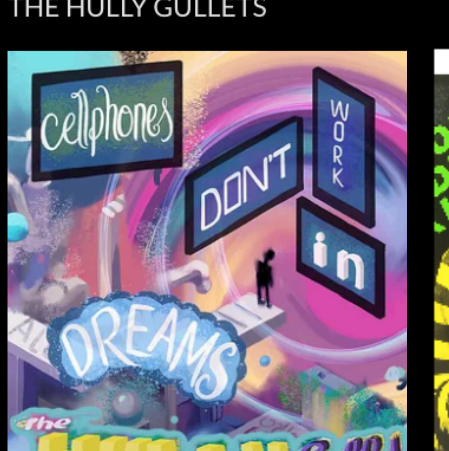

Here's a fast, super-tight, "San Diego" style hardcore punk band to pump your adrenaline up and get you slamming! These songs are dripping with treacherous sardonic humor and satire!

THEY CALL US SCOUNDRELS

OUT AT LAST!! The long-awaited SCORCHING double album by this great Pop-Punk band! Every song is great. Excellent songwriting and playing throughout. We can easily see them rising to top-40 status while maintaining their quirky "1940's Gangster" look & vibe.

THE HULLY GULETS

The Hully Gullets have ARRIVED, bring their neo-Motown motif to the old-sch new-school smackdown evolution that started a revolution on the map of rock on your jock at 13 o'clock so you can PARTY ON YOUR BLOCK!! This debut single "Cellphones Don't We In Dreams" will soon be followed by the retro-cool dance single "There's More"

GABRIELA PENKA

Latino Ska is exploding right now! Bands like Tijuana No!, Matamoska, and South Central Skankers are touring again and selling out stadiums. Gabriela Penka kicks ass on this EP, and PABLO the slam pit with their high-energy shows! GO SEE THEM LIVE!! Produced by Geza X!!

MAGNET HEARTS

California folk-rock at it's finest! Sunny beaches, winding canyons, cheerful vocals and organic melodies. Great songwriting to lift your spirits. Think Beach Boys, Neil Young...familiar yet fresh!
