## *Luck Of An Irish Girl*

### **Comhabhair**

(Gaelic For ingredients)

- 1 oz Baileys
- 1/2 oz Kahlua
- 1/2 oz Frangelico or DeKuyper
- 2 oz milk of choice  
(heavy cream, coconut, or almond milk)
- Spinach or green food coloring (optional)

### **How to put it together?**

Get your shaker out and add 4 normal cubes of ice, shake it up! Dance a jig!

(About 20 seconds to get it nice and cold)

Strain, and pour into a martini glass and drink!

Garnish with a piece of spinach or a shamrock!

If you're using spinach to color your drink, muddle about 6 big leaves in your shaker before adding the other ingredients or ice. I prefer heavy cream because it gives it that nice rich creamy texture & froth on top, but if your counting calories non-flavored almond milk works great!

### *Cheers Val!*
