As you know, we are an all-volunteer organization with a working board of fellow retirees. *We need more people on the board!* Many hands make for less work! We have many different tasks to accomplish regularly. Which Officers or Directors do which tasks is flexible to a degree. The precise division of labor can be decided by the specific board members.

Prospective board members need to have good communication and PR skills, attend both general meetings and board meetings regularly; have a cell phone and use texting with facility; have a well-functioning, up-to-date computer at home, for email, creating &/or proof-reading newsletters and surveys, creating a spreadsheet (for membership) or ability to use Microsoft Access, etc. The Treasurer needs to be able to use with facility one of the many programs available online for that (Quicken, Quick Books, etc.). Not everyone has to do all those things, but at least several board members need to be able to do many, if not most, of them. These days, several board members need to be able to host Zoom meetings and know how to include a co-host, share screen, etc. ~~We can provide training.~~

To learn more about being on the board, contact Miki at mikigillman@gmail.com

USPS mailings are the most cumbersome, time-consuming and expensive activity we do (other than the expense of meals and venues). That's why we have only 5 Newsletters per year, coinciding with our 5 meetings. A goal is to eventually convert to all electronic mail. Because a few of our members do not have the capacity to receive or send email, we continue to use USPS for them. Nevertheless, with email, we can communicate with members between newsletters.

If you have an idea or desire for a specific topic or presentation for a meeting, please email it to Vita at ymmil@charter.net. Thanks!
