## **ADDITIONAL INFORMATION:**

As an owner of a **W2G Giant Schnauzer** pup you will receive a thumb drive containing:

- a. A copy of your Contract and Addendum
- b. Inoculation record for your pup
- c. Pictures of your pup
- d. Videos of your pup
- e. AKC Litter Registration - Copy

You will also receive, *(not on the thumb drive)*:

- f. A "Starter Pack" of dog food the pup is accustomed to eating and that we recommend
- g. Health Certificate for travel
- h. Inoculation record (paper version)
- i. The colored collar for the pup you chose
- j. AKC Registration paid by W2G
- k. Microchip registered to you and paid by W2G
- l. Tail docked paid by W2G
- m. Dewclaws removed paid by W2G
- n. De-wormer paid by W2G
- o. 1st Series of shots paid by W2G
- p. Ear Crop - We offer ear cropping if the buyer chooses this procedure.

**PRICE: 3,600 (Ear Crop is additional or you can take your pup to your veterinarian.)**

**DEPOSIT: 1,000 (Non-refundable should the buyer back out)**

**BALANCE FOR DELIVERY / PICK UP: 2,600.00**

## **WHAT TO EXPECT ONCE YOU SECURE A PUP**

1. First and foremost, we are always available to answer your questions through phone calls, emails, or text.
2. Within 48-hours of the whelping we will send in an application for AKC Litter Registration.
3. On approximately **day-3** we will transport all puppies to our veterinarian to have their tails docked and dewclaws removed.
4. At **6-weeks** all the puppies will be transported to our veterinarian for their first series of shots, fecal exams and de-wormer.
5. Following our **W2G Giant Schnauzers** Facebook page is the best method to read up-to-date information and to view puppy videos and pictures from birth to pick up or delivery to your home.
6. We will make every effort to post individual puppy pictures and videos a few times a week, especially as they become active. (walking & playing)

## **PUP DELIVERY / PICK UP:**

Natural Ears - Pups with natural ears may be delivered or picked up at 8 weeks of age

Cropped Ears - Pups with cropped ears may be delivered or picked up at 9 to 9.5 weeks of age.

## **WHAT IS REQUIRED FROM YOU**

1. Ear Crop payment, if you chose to have your pups ears cropped by us. Payment is due 1-week before the scheduled date of the procedure, technically by the time the pup is **6-weeks** old. *(Pup will be 7 to 7 ½ weeks old for the procedure).*
2. Pup purchase **balance** paid in full. This final payment must be made before the pup is picked up or delivered. Any delays in a final "balance" payment will delay delivery or transport of your pup. Any remaining balance must be successfully in our account before we will allow the pup to leave.
3. The First and Last name and address of the owner of the pup. This information is needed for the AKC Transfer of Ownership Paperwork. (Puppy Papers).

## **TRANSPORT RECOMMENDATIONS**

1. Name: **Bailey's Best Care Pet Transport**  
Contact: Baileysbestcare.com. Out of Clarksville Arkansas  
Phone: 479-518-0748

**\*\*\*\*All transport expenses, including the purchase of a crate or carrier is the sole responsibility of the buyer. All arraignments need to be made between you and the transport service of your choice.\*\*\*\***

**W2G Giant Schnauzers** is not affiliated with the recommended Transport Service. We are simply giving you a recommendation. Please feel free to use whatever service you prefer.

## **PUPPY SHOTS NEEDED**

1. **6-Weeks:** ~~Distemper and Parvo de wormer — Strongid (liquid).~~ **Completed by Breeder.**
2. **9-Weeks:** Distemper (booster), Parvo (booster), Bordetella, and Leptospirosis aka Lepto.
3. **12-Weeks:** Distemper (booster), Parvo (booster), Bordetella (Booster) and Leptospirosis (booster).
4. **16-Weeks:** Leptospirosis (booster), Parvo (booster), and Rabies.

**\*\*Your veterinarian may give shots in a slightly different order. Please maintain good records.\*\***

## Heart Worm Prevention

Our adult dogs currently receive an annual shot called **Pro-Heart** as a preventative measure against heart worms. Please discuss with your veterinarian what they recommend for your pup and follow their plan.

## Parasite Protection

You may also want to give your Giant **SENTINEL** a chewable given once a month. This chewable is fine to give your Giant even though they receive the Pro-Heart shot.

## Flea and Tick Protection

We give our Giants **BRAVECTO**, a chewable given once every 3-months as a preventive measure against fleas and ticks.

**\*\*Please discuss options with your veterinarian as well as research options yourself.**

**WE HOPE YOU BECOME A PART OF THE W2G Giant Schnauzers FAMILY!**

**A few pictures of pervious pups produced by Romeo and by Paris.**
