FOR IMMEDIATE RELEASE

November 1, 2024

Johnston Fire Department Issues Fire Safety Notice Amid Heightened Brush Fire Risk

Due to heightened brush fire danger, we urge residents to refrain from any outdoor burning, including the use of commercial and homemade fire pits. Sparks and embers from these pits can easily spread to dry brush nearby and create an uncontrolled fire.

To reduce risk, residents are asked to pick up any fallen leaves and debris from their yard. This precaution can help avoid any potential spread of fire if one were to occur.

As always, our firefighters are well prepared to respond to any incidents and will be ready to control and mitigate brush fires as needed.

Stay safe, and thank you for helping us protect our community.
