BOHO  
flower co.

# ABOUT US

Boho Flower Co. began with a love for slow living, meaningful details, and the quiet magic that flowers bring to life's most important moments.

What started as a small flower farm rooted in the Saskatchewan prairies has grown to offer full-service florals, focused on wedding florals that feel intentional, artful, and deeply personal. Every stem we grow and every arrangement we design is guided by one simple belief: your wedding flowers should feel like you.

We are a husband-and-wife team, growing many of our blooms right here on our farm and designing with the seasons in mind. By working closely with nature, we create floral designs that feel effortless, romantic, and organic — never mass-produced, never rushed. From lush bridal bouquets to statement installations and thoughtful table details, our work is inspired by natural movement, soft textures, and timeless color palettes.

Choosing Boho Flower Co. means choosing:

- Flowers grown and sourced with care
- A calm, supportive design process
- Custom florals created exclusively for your day
- A florist who values connection just as much as creativity

We believe your wedding day deserves more than “pretty flowers.” It deserves florals that tell your story, hold emotion, and create an atmosphere your guests will feel the moment they arrive.

If our style speaks to you, we'd love to create something beautiful together.

# PACKAGES

## FULL SERVICE

Our Full-Service Floral Design is for couples who want to feel supported, and inspired — from the first planning conversation to the final petal placed on your wedding day. This offering is a fully custom, hands-off experience where we thoughtfully design, source, install, and style your wedding florals with intention and care. From personal flowers to ceremony installations and reception details, every element is curated to feel cohesive, seasonal, and effortlessly romantic.

We begin with a deep understanding of you — your story, your vision, your venue, and the feeling you want your day to hold. From there, we design a seasonally inspired floral vision with an emphasis on movement, texture, and thoughtfully sourced blooms.

On your wedding day, our team arrives early to handle all floral setup, on-site styling, and installation, ensuring everything feels calm, seamless, and exactly as imagined. At the end of the night, we return for breakdown so you can stay present and soak in every moment. This package is ideal for couples who value trust, artistry, and an elevated, stress-free experience — and who want their florals to feel meaningful, personal, and deeply beautiful.

You dream it. We bring it to life — one bloom at a time.

## A LA CARTE SERVICE

Our À La Carte Floral Design option is perfect for couples who love beautiful flowers and a refined aesthetic, but don't require full-service styling or on-site installation.

This offering allows you to select the floral pieces that matter most — such as a bridal bouquet, boutonnieres, and select arrangements — all designed with the same care, artistry, and seasonal intention Boho Flower Co. is known for.

Florals are thoughtfully designed in our signature garden-inspired style using premium, locally grown blooms whenever possible. Designs are cohesive, romantic, and guided by the season, ensuring your flowers feel timeless and effortless.

À La Carte florals are prepared for pick-up or arranged delivery, allowing for a streamlined, stress-free experience while still receiving elevated, professional designs.

This option is ideal for intimate weddings, elopements, or couples who value flexibility while trusting us to create something beautiful.

Simple. Intentional. Beautiful.

# DIY BRIDAL

Our DIY Bridal Floral Package is designed for creative, hands-on couples who want to be part of the floral process while still working with trusted, high-quality blooms.

This experience gives you access to beautiful, seasonal flowers grown right here on our farm or thoughtfully sourced through our partners. Couples may choose to visit the field with their bridesmaids for a joyful, memory-filled picking experience, or opt to have curated blooms delivered directly to them — ready for designing.

You decide how involved you'd like us to be. We're happy to guide you through the process with design support, recipes, and hands-on assistance, or simply provide the blooms and let you create at your own pace. Either way, you'll receive flowers chosen with intention, quality, and the season in mind.

This package is perfect for brides who love a personal touch, value flexibility, and want their wedding florals to feel meaningful, relaxed, and uniquely their own.

A little guidance, a lot of beauty — and flowers you'll never forget picking.

# PRICING

## BRIDAL BOUQUET

### Petite Bridal Bouquet

Starting at \$155

A sweet, refined bouquet featuring a limited colour palette and seasonal blooms. Perfect for elopements, intimate weddings, or brides who love an understated look.

### Classic Bridal Bouquet

# MICRO-WEDDINGS AT THE FLOWER FARM

For couples who want something meaningful, beautiful, and unhurried.

Our Micro-Weddings at the Flower Farm are designed for those who value intimacy over extravagance—where the focus is on the moment, the people you love most, and being fully present in a space that feels calm, intentional, and alive with flowers.

Hosted right here at the farm or right in the field, these celebrations are small by design. Think open sky, seasonal blooms growing all around you, and the quiet magic that happens when you choose less, but better.

This is not a traditional venue—it's an experience.

## What's Included

Every wedding is unique, but celebrations may include:

- A ceremony set within the flower field
- Custom, farm-grown bridal bouquet & coordinating florals
- Floral touches for your ceremony space
- A full day rental of the farm
- Time & space for photos among the blooms and around the farm
- On-site coordination of floral details & decoration
- Greenhouse space for weather backup & optional indoor reception space

Everything is customizable. Your flowers, your flow, your way.

## Guest Count & Style

Micro-weddings are intentionally small and best suited for couples who want to share their day with a close circle of loved ones. Typically guest count is between 20-50 people. These celebrations are simple, elevated, and rooted in nature—perfect for couples drawn to garden-inspired, organic design.

Pricing Starts at \$2000
