

Labradors of Montana
&
North Western Labradors
Deposits

I _____
Understand that deposits are non-refundable but are transferable to another litter. I understand and will not try to get my deposit back if I decide I no longer want one of Labradors of Montana's or North Western Labradors puppies. I also understand that it is not their fault that I have decided to back out of my puppy or have purchased a different puppy. I also agree to wait for the next available litter if for some reason the litter I placed a deposit on either doesn't have enough puppies or no puppies at all and or for ANY other reason that may be beyond our control.

Here at Labradors of Montana and North Western Labradors we do our very best to provide you with the puppy of your choosing and to make sure we have puppies. However, something's are completely out of our hands. Your patience and willingness working with us is greatly appreciated.

By signing this contract you acknowledge that you are responsible for your puppy when one comes available and all the financial obligations that may follow. You also agree to sign and date and send this back to Labradors of Montana or North Western Labradors BEFORE placing a deposit.

We reserve the right to refuse anyone a puppy!

By signing this document you agree to the terms and conditions.
