

CAPABILITY STATEMENT

Big Snow Logistics LLC, a certified minority-owned carrier based in Columbus, Ohio, offers nationwide freight hauling with 53 ft dry vans and reefers. With over four years of experience, we serve government and private clients, including Department of Defense shipments across the U.S. and Canada.

CORE COMPETENCIES

- General Freight Transportation (Short & Long Haul)
- Dry Van & Refrigerated Freight Services (53 ft trailers)
- Nationwide & Regional Freight Coverage
- Expedited & Time-Sensitive Freight Delivery
- Freight Brokerage Capabilities (TrustChain Logistics LLC)
- Dedicated Lanes & Route Optimization
- Owner-Operator Fleet Management
- Load Planning & Dispatch Services
- 24/7 Load Tracking & Customer Support
- Performance Bond & High Cargo Insurance Coverage

DIFFERENTIATORS

DoD-Approved & Fully Certified: One of the few minority-owned carriers approved to haul Department of Defense freight across all 50 states and Canada. Certified MBE, DBE, EDGE, and SBA-registered SDB for federal and state contracting advantages.

Integrated Carrier & Brokerage Capabilities: Through our sister company, TrustChain Logistics LLC, we offer both asset-based hauling and licensed freight brokerage—allowing flexible solutions for load coverage without double brokering.

Owner-Led, Agile Operations: Our leadership is hands-on and involved in every level of service. That means faster decision-making, direct accountability, and quicker response times than larger corporate providers.

High Insurance & Bonding Capacity: Equipped with \$2M general liability, trailer interchange insurance, and nearly \$100K in performance bond coverage—ensuring we meet the strictest government and commercial standards.

Proven Track Record with Zero Claims: 4 years in business with a clean FreightGuard history (prior to 2024), zero safety-related FMCSA violations, and a strong record of clean BOLs and on-time delivery.

Flexible Fleet with Nationwide Reach: Our growing fleet of 53 ft dry vans and reefers, paired with vetted owner-operators, gives us the scalability to support both local and long-haul contracts efficiently.

PAST PERFORMANCES

Department of Defense (DoD) *Freight Carrier Services*

Provided secured transportation of non-hazardous military freight across multiple states using 53 ft dry vans. We've hauled specialized freight, including heavy, overweight, and oversized loads. Fully compliant with MFTURP-1 and NDAA Section 889(a)(1)(B). Services included load tracking, on-time delivery, and strict security protocols.

Werner Enterprises *Dedicated Route Support*

Served as a carrier partner on time-sensitive, refrigerated freight routes across the Midwest. Managed clean BOLs, daily check-ins, and reliable driver communication to support consistent freight movement.

Amazon Freight Partner Program *Linehaul Transportation*

Executed regional and long-haul deliveries through Amazon's Relay system. Maintained a high-performance rating for on-time arrivals and low service failure rates.

Evergreen Transport Solutions *Brokered Freight Support*

Contracted for general freight hauling across multiple lanes. Services included pickup and delivery of full truckload shipments with consistent driver reporting and BOL compliance.
