

Training for Communities, Businesses and Schools

Houses of Worship Threat Assessments and Security Vulnerability

Participants will learn what threat level assessments are and how to apply strategies to identify building vulnerability from the inside looking out. Participants will be better equipped to effectively evaluate their own security within their organization.

Crime Prevention Through Environmental Design (CPTED)

CPTED applies the strategic use of landscaping, lighting, signage, traffic calming, monitoring, fencing, target hardening, and building design to promote safety and to discourage undesirable behavior.

Training Seminars Offered:

- Urban Survival During Social Unrest
- Active Shooter Awareness
- Refuse to Be A Victim (NRA)
- Crime Prevention Through Environmental Design (CPTED)
- Houses of Worship Threat Assessments and Security Vulnerability
- Business Asset Protection
- Situational Awareness for REALTORS®
- Techniques of Verbal De-escalation
- Home Inventory Guide
- Neighborhood Watch
- Scams & Fraud Awareness
- Robbery Prevention
- Child Safety Awareness
- Operation Identification
- Identity Theft Prevention

Crime Prevention Training

**ASHEVILLE PROTECTION AND DETERRENCE
THROUGH CRIME PREVENTION**

Our Mission

It is our mission to help residents create safe communities and reduce the opportunity for crime through enhanced partnerships with law enforcement, businesses, government agencies and nonprofit civic organizations. In order to accomplish this mission our trained staff are available to work with your business, community, or nonprofit civic organization, to provide crime prevention education, training, strategies, and best practices. Please contact one of our crime prevention specialists at www.apdcrimeprevent.com, or APDCrimePrevent@gmail.com or call us at (828)772-5999, for more information.

information*

Urban Survival During Civil Unrest

This training will address many of the scenarios that you could find you or your loved ones involved in during civil protests. These events often attract agitators and criminals, turning them into hot zones with uncontrolled assaults and damage.

Active Shooter Awareness

This course is designed to assist citizens, students, and workers in recognizing and surviving these horrific types of events through education, real case analysis, and best practice interventions to help reduce injuries and fatalities.

Business Asset Protection

This training will detail indicators and provide prevention strategies for both internal and external theft prevention. It is designed for both the small business owner as well as large corporations.

Techniques of Verbal De-escalation

This course is designed to help diffuse potential conflict encounters with both internal employees and external customers. It provides many useful strategies to help resolve conflicts and provide better communication.

Refuse To Be A Victim®

This is a crime prevention and personal safety seminar, where you will learn how to create layers of safety in your life to protect yourself and your family from criminal confrontations. You will learn the tools you need to develop your own personal safety strategies, including information on: The Psychology of Criminal Predators, Mental Preparedness, Home & Cyber Security, Automobile & Travel Security, Personal Protection Options, And more!

Neighborhood Watch Program

This is a Crime Prevention program that involves citizens working with each other and with law enforcement agencies to reduce crime and victimization in their communities.
