

# SAVANT UNLIMITED L.L.C.

Energy Project Specialists

## Capability Statement | Company Data

Formed in 2016, Savant Unlimited L.L.C. is an Engineering and Project Management company with vast international experience in the Energy, Utility, Transportation, Petrochemical and Manufacturing industries.

We are an agile enterprise with capability to service our client's needs in the United States, Canada and the English-speaking Caribbean.

**Mission:** To provide cost-effective, innovative and sustainable solutions to our clients

**Vision:** To be the company of choice for Engineering and Project Management

917-705-5309

Auburndale, FL 33823 USA

[www.savantunlimited.com](http://www.savantunlimited.com)

UEI: JF5ADKFWHK65 | DUNS: 111056023 | CAGE: 96SSO

NAICS: 541330, 423610

## Core Competencies

- Electrical Equipment Specification and Supply
- Engineering Design and Product Selection
- Project Management (Primavera, MS Project)
- Commissioning
- Turnarounds
- Safety and Risk Management
- Lessons Learned
- Construction Supervision
- Document Control
- Management of Change
- Drafting (AutoCAD)
- Capex Management (SAP, Maximo)
- Power, Instrumentation and Controls (ETAP, Foxboro, Triconex, Bentley)

## Differentiators

- Leadership with Senior IEEE Membership
- PMP® Certified Project Managers
- Engineers with FS Eng (TÜV Rheinland) Certification
- Engineers with BOETT Membership
- Engineers with APETT Membership
- Workers with TWIC® Credential
- BSc., MSc. & MBA Qualified Engineers

The Project Management Professional (PMP) is a registered mark of the Project Management Institute, Inc.

IEEE	Institute of Electrical and Electronics Engineers
FS Eng	Functional Safety Engineer
BOETT	Board of Engineering of Trinidad & Tobago
APETT	Association of Professional Engineers of Trinidad & Tobago
TWIC	Transportation Worker Identification Credential

## Past Experience

Our Engineers' work experience includes major international oil and gas companies as well as petrochemical, manufacturing and mining facilities.

  
**SAVANT UNLIMITED L.L.C.**  
 Energy Project Specialists

Authorized GENERAC Dealer

# GENERAC®

## GENERAC COMPANIES

**GENERAC INDUSTRIAL POWER** Since 1959, Generac has been a leading designer and manufacturer of a wide range of generators, transfer switches, and other engine powered products. Industrial Power gensets operate with natural gas, diesel, or BI-FUEL™ to meet virtually any application.

**GENERAC MOBILE** Whether you are looking for diesel-powered generators, light towers, heaters and pumps, or efficient and portable water trailers, this product catalog boasts diverse options that allow you to complete your projects while increasing ROI.

**PRAMAC** PRAMAC manufactures a generator range that satisfies the full spectrum of energy needs to suit customers worldwide. Applications include Oil & Gas, Telecommunications, Power Plants, Water Treatment, Data Centers and Healthcare.

**GENERAC SELMEC OTTOMOTORES** Comprehensive solutions in electrical and thermal energy. Products include diesel and gas power plants, fire and water tube boilers, transformers, distribution boards, UPS and batteries.

**DR** DR Power Equipment is a subsidiary of Generac Power Systems, Inc. and has been manufacturing and selling professional grade outdoor power equipment since 1985.

**POWERMATE** Powermate's products include inverters, portable generators, pressure washers and wood chippers.

**MOTORTECH** MOTORTECH is an international developer and manufacturer of ignition systems, air/fuel ratio control systems, gas engine control systems as well as other accessories for the worldwide power generation industry with stationary gas engines.

**CAPTIVA** Captiva is a subsidiary of Generac and products include Gas Generators, Diesel Generators, Control Panels, Mobile Equipment and Material Handling Equipment.

**GENERAC GRID SERVICES** GGS goes beyond load control, demand response and auto-DR. It features closed-loop real-time optimization of DERs and bi-directional wholesale transactions to add and subtract power at precisely the right time and place that it's needed.

**Chilicon Power** Chilicon's power inversion and monitoring system technology maximizes PV system production, lowers operational cost, and promotes end-user satisfaction. Microinverters and Gateway are designed and manufactured in California.

**Tankutility** Tankutility is a subsidiary of Generac and products include tank monitoring solutions that helps you to gain control from anywhere, anytime.

**MEANGREEN** Mean Green introduced the world's first commercial grade, electric, zero-turn mower over a decade ago. Today, only Mean Green offers a commercial grade mower that can last all day on a single charge.

**ecobee** Ecobee's technology improves how people consume energy to create a more sustainable future. Ecobee was founded with the goal of offering people smart home solutions that enable planet positive actions.

SAVANT UNLIMITED L.L.C.

Energy Project Specialists

Authorized ABTECH Dealer

Abtech has been involved in the Oil & Gas market since the 1970s. This experience has supported the development of a range of products ideally suited to the rigors of onshore and offshore operation. Abtech's electrical connection and lighting products are used worldwide and are approved by many of the industry's leading owners and operators.

Authorized AQUINOVA Dealer

Aquinova is a Canadian based Engineering company with an extensive brand partnership profile. Aquinova operates in the legacy Oil & Gas space but has a strong focus on emerging green technologies that allows its customers the flexibility to adapt to our changing world. Solutions range from EV Charging and Smart Solar to traditional Electrical and Instrumentation suppliers.

Aquinova's Partnerships

Grizzl-E offers a range of simple, powerful, heavy-duty, and portable Electric Vehicle Charging solutions. Grizzl-E is manufactured in Canada and built to withstand the harshest conditions.

Enel X offers solutions that enable businesses and communities to create, store, use, and manage energy more efficiently, sustainably, and strategically.

Soligent Distribution is the largest pure-play solar distributor in the Americas. Products include Solar Panels, Inverters, Energy Storage, Racking, Charge Controllers and Monitoring Equipment.

E.B. Horsman & Son  
The Electrical Distributor of Choice!

E.B. Horsman & Son is an electrical supplier, distributor and wholesaler who sources, stocks, stores, sells and ships electrical products using a central distribution model. Some of E.B. Horsman's brands are displayed below.

Lighting – Lamps & Controls, Electronics, Specialty, Emergency, Indoor and Outdoor

Lighting – Downlighting, Highbays, Area & Roadway, Exit & Emergency, Landscape and Bollards.
