

KRYSTAL APW

Replacement for Hydrofluoric and other acids

Krystal APW effectively removes rust and other iron salts. K-APW will not frost glass while removing oxidation, brightening aluminum and, when formulated properly, will not damage polished aluminum. Fantastic for Environmental Brick Cleaning.

K-APW is very effective at removing brake and wheel dust, calcium/lime scale/silicate deposits. General use is rust removal, wheel cleaners, Acid presoak for Cars and Trucks, Acid Rain Fallout Remover, Specialized De-Scaling, Wash Bay Cleaning, Pontoon Boat/Aluminum Boat Cleaners, Tub 'n' Tile Cleaning, Aluminum Truck Brightening, HVAC/Air Conditioning Filters

K-APW Eliminates the need to file a risk management plan as can be required when using HF or related salts such as Ammonium Bifluoride under the EPCRA (Emergency Planning and Community Right-to-Know act.)

GENERAL CLEANING: Use 1 part **K-APW** to 100 parts water.

HEAVY DUTY CLEANING: Dilute **K-APW** as necessary.

ALWAYS rinse well with potable water.
