Proposal For Automation

About this Company

As many of you know, demand for automation and smart homes is growing. More precision is necessary for audio video, and electricians do not always take this into account. Telecommunication and home automation is a very detail-oriented field. We specialize in invisible equipment television solutions. Who wants to look at a cable box when you no longer have to?

Scope of Work

We can handle anything and everything low voltage. We only ask for a heads up before discussing what we can do for your clients to ensure we can provide the best experience with your company. Here is the list of items we can handle.

- New & Renovation construction
- Telecommunications
- Networking (wireless access)
- Computer Sales & Services
- Home Automation
- AV Racks
- Distributed Audio
- Outdoor Audio
- Camera Systems
- Lighting Control
- Motorized Blinds
- Television Sales & Installations
- Universal Remotes

Pricing

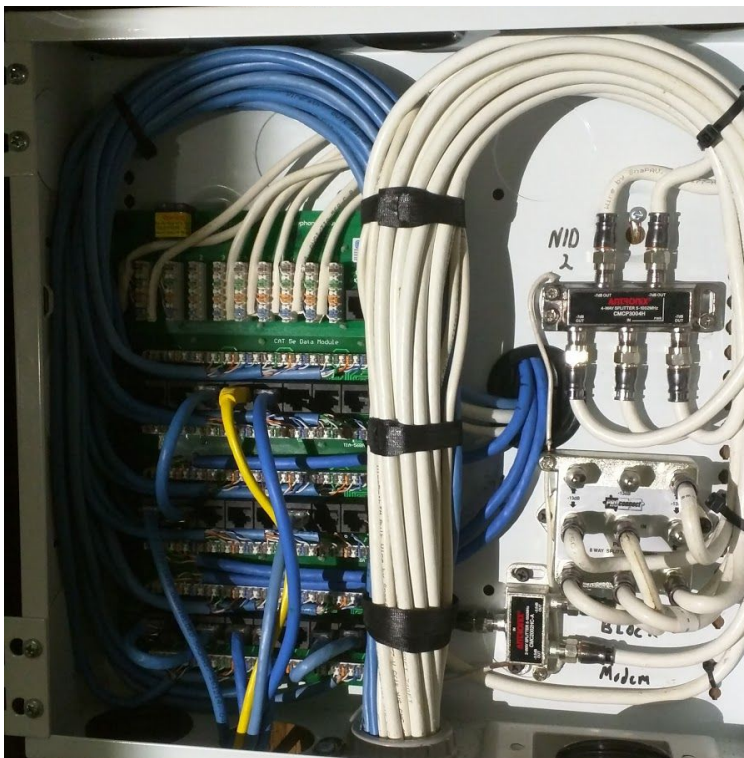

Down to brass tacks. The following is a table of pricing for our valued clients.

\$74.99	Flat TV Mount Bracket (37"-70")
---------	---------------------------------

\$99.99	Articulating / Swivel TV Mounting Bracket (37"-63")
\$99.99	TV Mounting (No Bracket)
\$74.99	Low to High Television Renovation (No Electric)
\$199.99	Television Backlighting (Great to reduce eye strain)
\$549.99	All in One Remote from Pro Control (1 Way)
\$999.99	Advance All in One Remote from Pro Control (2-Way)
\$49.99 / Hour	General In-Shop Labor
\$79.99/ Hour	General On-Site Labor
\$99.99/ Hour	Programming Labor

- Pre-Wire TV Location includes (1) Category 6 (1) Coaxial Quad Shield. Standard location such as phone or ethernet is priced by footage plus Labor & \$49.99 termination and trim fee.

Now that you know our pricing, be assured that every house is tested. We will provide a Certificate of AV Wiring to show, beyond a doubt, that all cables are fully functional. A five-year warranty is included with the Certificate.

Here is a photo from one of our clients. Our team is passionate about making sure your structured wiring is neat and organized. We can also provide written documentation of the mapping of the structure wiring. This may take additional time and may require an additional fee, depending on the quantity of work. Ex: Full mapping of this panel would cost \$49.99 (plus materials). Can provide a sample on request.
