## SANDSTONE

*The Stone of Creativity and Clarity*

### **Grounding- Creativity- Strength**

Sandstone is a sedimentary rock composed of grains of sand that are cemented together by quartz, calcite, feldspar, or clay. It is called a “stone of creativity” because it is created by either wind or water. Sandstone strengthens relationships within groups and keeps one from getting distracted, especially during meditation. It is a cheerful stone that keeps tantrums and mood swings under control, helps to discern the truth among those around you, and keeps your mind clear when making decisions. Sandstone can also help strengthen bones, nails, and hair and is helpful with disorders of the eyes

### **Emotional Properties**

## STAR SAPPHIRE

*The Stone of Good Fortune and Intuition*

### **Protection- Intuition- Calming**

Star Sapphire exhibits a unique star-like pattern within the crystal, also known as an "asterism". The cause of this fascinating visual effect is tiny, needle-like inclusions that intersect, forming a six-rayed star-shaped pattern. The Star Sapphire connects with the Angels of Faith, Hope, and Destiny and can be used to contact beings from the stars. It helps to bring clarity and understanding into the intentions of others and can also bring a cheery disposition to any situation.

### **Emotional Properties**

## SEPTARIAN

*The Stone of Transformation and Renewal*

### **Patience- Self-Discovery- Recovery**

Septarian nodules are unique in that they were formed as a result of volcanic eruptions and attracted dead sea life chemically bonding them to the sediment and forming mud balls. They are composed of Calcite, which makes up the yellow centers, Aragonite which are the brown lines, and outer grey rock, which is Limestone. The name Septarian comes from the Latin word "septum" meaning seven, or "saepum" which means a wall or enclosure. Septarian is a grounding stone that allows for better tolerance and patience, emotional flexibility, and healing. It is also known for its ability to absorb and transmit energy when held over a period of time.

### **Emotional Properties**

## SILVER

*The Stone of Reflection*

### **Intuition- Protection- Balance**

Silver is a metal associated with psychism, love, peace, and protection. It is often used for scrying, for psychic dreams, or to attract money. Silver relates to the yin or feminine energies and can help those who are too aggressive to bring peace into their awareness. It can also help to get in touch with one's own emotions and intuition. Silver acts as a "mirror to the soul," allowing one to see deep within the self with no judgment.

## SIDERITE

*The Stone of Awareness*

### **Grounding- Manifestation- Recovery**

Attract free radical energy particles and draw them inward and down into the ground through the base and root chakras. It can slow frustrations and stress energy, transmuting it into a rational and clear state. Siderite is a good crystal to hold while meditating or drifting off to sleep as it helps one reach the theta sleep state. Reaching this state is essential for body-mind healing as it allows one to release control and responsibility over their physical world.

### **Emotional Properties**

Healing, Balance, Transformation, Grounding, Protection, Clarity, Wisdom, Intuition, Peace, Love, Spiritual Growth, Harmony, Confidence, Strength, Stability

## SODALITE

*The Stone of Logic*

### **Communication- Intuition- Logic**

Sodalite brings order and calmness to the mind. It encourages rational thought, objectivity, truth and intuition, along with verbalisation of feelings. Sodalite brings emotional balance and calms panic attacks. It enhances self-esteem, self-acceptance and self-trust. A stone of self-expression and confidence, Sodalite promotes intuition and emotional balance while releasing old conditioning and programming. It stimulates the Pineal Gland and Third Eye, deepens meditation, and enhances psychic abilities. Sodalite encourages discipline and facilitates career advancement.

### **Emotional Properties**

## BLACK SPINEL

*The Stone of Revitalization*

### **Grounding- Protection- Positivity**

Black Spinel is a powerful protective stone that repels negativity and grounds the user. It can help to get rid of anger and resentment, replacing them with more effective ways of communicating. Black Spinel gives one inspiration and a better sense of empowerment, without overwhelming others. It is a good stone for detoxifying the body, especially the bladder, intestines, and female reproductive system, and can also be helpful for leg disorders and problems associated with the lymphatic system.

## BLUE SPINEL

*The Stone of Inspiration*

### Communication- Intuition- Clarity

Blue Spinel, on the other hand, works with the Throat Chakra to enhance communication efforts, often bridging the gap between generations. It is a bringer of joy and hope, often giving us a renewed sense of enthusiasm and accomplishment, especially when trying to kick a habit. Blue Spinel is also said to be a good luck stone and can aid in business success. It increases intuition and psychic abilities, which may become more pronounced over time. Physically, Blue Spinel is useful for detoxifying the blood and healing throat, eye, and gum disorders.

## PINK SPINEL

*The Stone of Renewal*

### Love- Compassion- Empathy

Pink Spinel, on the other hand, offers gentle energy renewal and is useful to those suffering from chronic conditions and fatigue. It is protective in a quiet, gentle way and can be used as a talisman to carry the love of the giver. Sometimes called the "Fairy Godmother" stone, Pink Spinel is a good gift for children, holding the continuing love and protection of the giver. Spinel is a stone of calm and renewal, offering encouragement in difficult situations and helping to ease a situational crisis, such as a job change or divorce. It lowers stress and anxiety and physically reduces inflammation.

## SPODUMENE

*The Stone of Inner Peace*

### **Spiritual Growth- Calm- Creativity**

Spodumene is a crystal that can help achieve deep, meditative states and a connection with the Divine, bringing a deep sense of peace. It focuses on the Crown Chakra and transmits energy down into the Third-Eye, Throat, and Heart Chakras. It helps to clear away negativity by raising vibrational levels of the various subtle bodies. Meditating with Spodumene can open the mind for a clearer perspective of any situation, and it also stimulates creativity and aligns all of the Chakras simultaneously.

## STIBNITE

*The Stone of Transformation*

### **Grounding- Protection- Manifestation**

Stibnite is a crystal that can help adjust to the constant changes faced on a daily basis, alleviate fears, difficulties, and chaos, and stabilize one's economy. It aids in the various energy shifts and higher frequency energies that our bodies are currently undergoing and forms an energy barrier around the body, enhancing the energy field and keeping others' energies at bay. Stibnite can be used as a diagnostic tool for healing and promotes cleansing and release of toxins from the emotional body. It can assist in enhancing meditations, astral traveling experiences, and communication with the animal, plant, and mineral kingdoms.

### **Emotional Properties**

Transformation, Grounding, Protection, Balance, Healing, Clarity, Wisdom, Spiritual Growth, Insight, Intuition, Strength, Confidence, Love, Stability, Courage

## SUNSTONE

*The Stone of Leadership*

### **Creativity- Personal Power- Joy**

Sunstone is a gem variety of Oligoclase and is known for its powerful connection to the light and power of the sun. It brings light to all situations and has a bright, joyful energy that increases vitality and lightens dark moods. Sunstone helps empower those who feel persecuted or abandoned by others, instilling confidence and optimism and encouraging motivation and positive action. It is also useful in removing energy draining ties or "hooks" into your energy by other people. Physically, Sunstone can aid in Depression and SAD, as well as assisting with aches, pains, chronic sore throat, and sexual issues.

## TANZANITE

*The Stone of Transmutation*

### **Communication- Intuition- Spiritual Growth**

Tanzanite is a relatively new stone discovered in 1967 in Tanzania, Africa. It is the bluish-purple variety of Zoisite and increases communication with the Spiritual world and facilitates access to ancient wisdom, especially to the spiritual knowledge of ancient indigenous tribal cultures. Tanzanite opens the Crown Chakra to show visualizations of higher spiritual realms and facilitates integration between the Throat and Third Eye Chakras. It simultaneously boosts psychic powers and communication, making it easier to communicate visions.

### **Emotional Properties**

## PRAIRIE TANZANITE

*The Stone of Exploration*

### **Communication- Intuition- Spiritual Growth**

Prairie Tanzanite has a high spiritual energy and is associated with the crown chakra and the soul star chakra. It fosters a strong connection with nature spirits and provides spiritual protection during astral travel and journeying. Prairie Tanzanite is an extremely soothing, calming, and stress-relieving stone. It helps us let go of anger, frustration, and fear and works on our throat chakra, helping us to overcome our inhibitions on speaking the truth and giving us clarity of speech. It also helps us to see that we really can be the person we want to be with a positive intent.

### **Emotional Properties**

### **Confidence- Empowerment- Creativity**

Yellow/Golden Topaz is a stone that inspires creativity, embodying the concept of hygge. It offers comfort and warmth for the coldest days of winter and inspires hospitality and friendship, providing radiant light for the darkest days. Tapping into the power of the sun, Yellow/Golden Topaz produces an enduring, radiant energy that generates joy and generosity. It increases faith and optimism, inspiring confidence and pride without inflaming the ego. As a healing, soothing, regenerating stone, it offers superior support for those locked in the grips of anger.

## IMPERIAL TOPAZ

*The Stone of Willpower*

### **Self-Confidence- Leadership- Creativity**

Imperial Topaz is a yellow crystal with golden tones that has been credited with bringing prosperity and abundance to the wearer. It is a “stone of good fortune” and is supportive of visualization, manifestation, creativity, and generosity, which attracts prosperity into one's life. Imperial Topaz facilitates strengthening of the personal will, as long as it is aligned with the highest good. Meditating with Imperial Topaz can assist one in synchronizing thoughts and actions with intention, to help with the manifestation of desires and goals. It is especially good for those who feel they have lost their faith, as it will bring Divine energies from the Crown Chakra into the Heart and Solar Plexus Chakras.

### **Emotional Properties**

## MYSTIC TOPAZ

*The Stone of Transformation*

### **Transformation- Spiritual Growth- Protection**

Mystic Topaz has been associated with healing and good luck throughout history. In addition to bringing good fortune, it is believed to have the power to ward off evil (or negative energy) while boosting your energy and positive feelings. Mystic Topaz is often connected to the throat chakra, which is linked to your communication skills and how you express yourself in other ways. Some people find that it also aligns with the crown chakra and third eye chakra. Activation of these chakras can help people with their self-confidence, connection with the spiritual realm, and sense of direction

### **Emotional Properties**

## TOURMALINE

*The Stone of Protection*

### Protection- Healing- Grounding

Tourmaline is a well-known crystal for healing and protection, as it can balance the hemispheres of the brain, clear blockages, and transmute negative energies. It can also promote compassion, empathy, and sympathy, making it an excellent meditation aid. Tourmaline can become electrically charged as a result of heat or pressure, which is a testament to its ability to impact one's energy field. It is very grounding and can bring inspiration from higher realms into the chakras for processing within the body.

### Emotional Properties

Balance, Healing, Transformation, Protection, Grounding, Clarity, Wisdom, Intuition, Love, Harmony, Insight, Confidence, Strength, Courage, Peace

### Spiritual Properties
