Email address	

Procedure Types		Quantity performed	
		Last 5 years	Last 12 months
Injections/Block	Muscles		
	Tendons		
	Joints		
	Nerves		
	Epidural space		
PRP			
Radiofrequency	Neurotomy (RFN)		
	Pulsed (PRF)		
Stimulation	Spinal cord (SCS)		
	DRG		
	Peripheral Nerve (PNS)		
Additional Comments			

Abdomen			Quantity performed		
			Last 5 years	Last 12 months	
Injections/Block	Muscles – TAP, rectus				
	Nerves	Iliinguinal, hypogastric, genito-femoral			
		Splanchnic			
		Coeliac plexus			
		Epidural space			
Radiofrequency – Neurotomy (RFN) – facets					
Radiofrequency – Pulsed (PRF) – all nerves above					
Stimulation	Spinal cord (SCS)				
	DRG (DRG)				
	Peripheral nerve (PNS)				
Additional Comments					

Head, Neck and Face Blocks			Quantity performed	
			Last 5 years	Last 12 months
Myofascial	Masseter muscles, paraspinal, sternocleidomastoid, trapezius			
	Suboccipital space hydrodissection			
Joints	Facets			
	C1/2 joint			
	TMJ			
Nerves	Auriculotemporal, greater and lesser occipital			
	Supraorbital, infraorbital, supratrochlear, nasal			
	Glossopharyngeal nerve			
	Brachial plexus			
	Cervical plexus			
	DRG nerve roots			
	Medial branch blocks			
	C2 ganglion			
	Stellate ganglion			
Epidural access – low cervical C7/T1				
RFN Cervical medial branch blocks				
PRF – all of the above nerves				
Stimulation	SCS cervical			
	DRG (should not be done in the neck)			
	PNF	Occipital nerve stimulation		
		Craniofacial		
		Supraorbital		
		Infraorbital		
		Mandibular		
Additional Comments				

Back and buttock, legs			Quantity performed	
			Last 5 years	Last 12 months
Injections/Block	Muscles – Paravertebrals, Q-L, psoas, piriformis, hamstrings			
	Joints	Facets		
		SIJ		
		Knee		
		Ankle		
	Nerves	DRGs		
		Medial branch nerves		
		Cluneal Nerves		
		Sciatic nerves		
		Posterior gluteal		
		Lumbar plexus		
		LFCN		
		Polpiteal nerve		
		Ankle nerves		
	Epidural space			
PRP – tendons e.g. gluteal, hamstring tendons				
Radiofrequency – Neurotomy (RFN)	Facets			
	SIJ			
Radiofrequency – Pulsed (PRF)	DRGs			
	Cluneal nerves			
	Sciatic nerves			
	Posterior gluteal			
Stimulation	Spinal Cord (SCS)			
	DRG (DRG)			
	Peripheral nerve (PNS)			
Additional Comments				

Pelvic			Quantity performed	
			Last 5 years	Last 12 months
Injections/Block	Muscles – Pelvic floor			
	Joints – Sacrococcygeal joint			
	Nerves	Sacral nerves		
		Pudendal nerve		
		Coccygeal nerves		
		Hypogastric		
		Ganglion Impar		
	Epidural space – caudal			
Radiofrequency – Pulsed (PRF)	Coccygeal nerves			
	Hypogastric			
	Ganglion impar			
Stimulation	Spinal Cord (SCS)			
	DRG (DRG) S1,2,3			
	Peripheral nerve (PNS)			
Additional Comments
