BowlForward Expands Eligibility Requirements for Future Stars Award

Las Vegas, NV: BowlForward is pleased to announce an expansion of eligibility requirements for the Future Stars Award, a program first announced in 2024 to encourage talented women to pursue a career in professional bowling. The award is now open to adults committed to regularly competing on the national 2025 PWBA Tour who have:

- 1) Participated in fewer than eight (8) national tournaments since the relaunch, and;
- 2) Participated in fewer than three (3) national tournaments during any single PWBA season.

The new requirements continue to underscore BowlForward's mission of encouraging greater participation in women's professional bowling, while also increasing the number of athletes who can potentially benefit from the Award, with a total of \$2,500 divvied among the three winners.

Full details on the Future Stars Award can be found at <https://bowlforward.org/future-stars-award>. Applications are open until March 31, 2025.

About BowlForward

BowlForward was founded in 2024 with the goal of supporting, promoting, and uplifting the sport of bowling for athletes at every level. BowlForward is extremely proud to support and promote women's bowling and seeks to ensure there will always a platform where women can compete at the highest level of the sport.
