

Fresno's proposed SEDA plan will hurt Fresno communities. Stopping SEDA will protect them.

SEDA will suck money away from existing neighborhoods to pay for 9,000 acres of new infrastructure outside Fresno city limits.

**The rest of us will pay the price for it
as we watch our own streets crumble.**

**Want to pay for new infrastructure outside city limits
in areas that might never get developed?**

OR, do you want Fresno to repair existing neighborhoods
like yours instead?

The city budget is \$20 million short. We can't do both.
Our City Council is about to choose.

Tell Fresno leaders: repair existing neighborhoods first!

There's still time, and you can help stop SEDA - short for
'Southeast Development Area Specific Plan'. Learn more:
