1. That the Subcommittee Chairperson, Vice-Chairperson, and the Secretary be the only members of the H&I Subcommittee to attend a facility meeting without the approval of the Subcommittee, and they must inform the facility
 - a. A member of the executive committee or appointed member of H&I must visit each facility at least once a year – to ensure guidelines are being followed and to ensure a continued good relationship with the facility.
 - b. H & I facility meetings are not a Traditional meeting therefore, the only persons of this Fellowship who can attend an H&I facility meeting are those who do so as speakers, panel members, or upon approval by the H&I Subcommittee. We have no opinion on alumni of the facility.
2. At the discretion of the Facility Chairperson and that facility, men can share at all female facilities and women can share at all male facilities. 4. It is the Facility Chairperson's responsibility to see that the meetings are conducted in accordance with the policies of the H&I Subcommittee and the rules of the facility. This person acts as the liaison between the H&I Subcommittee and the facility. Any problems should be reported to the H&I Subcommittee Chairperson and/or Vice-Chairperson and included in the regular report to the H&I Subcommittee.
 - a. Two failed facility reports within a six month period by a chairperson or substitute chairperson will result in that member being removed from assignment. The failed reports do not have to be from the same facility. [Nov. 2013]
 - b. A chairperson can be removed from a position if they display blatant disregard for facility and /or H&I Guidelines
5. Each Facility Chairperson should follow this procedure of responsibility when they cannot conduct a facility meeting:
 - a. Call and/or text everyone on the list of Chairpersons and Substitute Chairpersons; or to those that pertain to a specific facility.
 - b. Call and/or text the H&I Subcommittee Chairperson and/or Vice-Chairperson.
 - c. Call the facility to inform them if there will be a meeting or not, if a meeting will be held; let the facility contact person know who will be chairing.
 - d. Absence from a facility meeting without proper notice and/or not making adequate arrangements for a replacement to conduct the meeting will result in an unwarranted absence. This includes as well, absence of any member of the H&I Subcommittee assigned to monitor a newly elected chairperson and does not make adequate arrangements for a replacement. (Oct. 2013)
