Group Report, Serenity On Sunday Mornings 06 20 2021

As we progress through the Pandemic we have noticed a decrease in our on-line meeting participation. We are averaging 8 members per meeting down from 12 per meeting the month prior. We have accredited this decline in attendance to more face-to-face meetings opening. We have reached out to the facility to inquire as to a possible return date. At present there is none. We plan to reach out again. More will be revealed!

All are welcome at our online meeting: Serenity On Sunday Mornings, 10:30a.
