

# AREA L.E.G.S. – Lake Erie General Services Virtual Meeting Schedule

How Phone line Meetings Works:

Dial phone number and enter access code and the pound (#) symbol. Follow any prompts. You are now in the meeting! Press \* and then 6 (\*6) to mute and unmute your phone. A voice prompt will tell you if you are muted or not. It is best to stay muted except to share or read. When you are muted you can hear everything, but your background noise is cancelled out. Speakers and some Bluetooth cause echoing so please don't use them when you are off mute. The Chairperson will give you any further instructions.

*You can login approximately 10 minutes prior to the start of the meeting and you may hear music.*
