CLACNA Registration Subcommittee Meeting

New Business

Vice-Chair discussed creating a website design to include links to registration, merchandise, and fundraisers, and QR codes to streamline the registration process. Codes would also be beneficial for Fundraising & Entertainment and Merchandising. The goal for the monies collected from early registration would go into an account designated for this subcommittee.

Purpose: making it easier to count monies raised solely from Registrations sold for the convention.

Discussion: Vice Chair (Gina W) discussed going to the bank to talk with representatives about the possibility/feasibility of having separate accounts connected to the QR codes to make the Treasurer's job of maintaining accurate ledgers on the different subcommittees raising monies for the Convention.

Also discussed contactless payments such as Zelle and Cashapp associated with the bank account for the convention. There was also a mention of obtaining separate phone numbers for the Zelle and Cashapp Apps.
