

Private Prestige Cremation

Choosing cremation for a beloved pet is a deeply personal decision. While many families find comfort in our individual cremation service, we understand that some desire an even greater level of privacy and individualized care. That's why we offer Private Prestige Cremation.

Both services include the respectful return of your pet's cremated remains. The difference lies in the cremation process itself and the level of privacy each option provides.

Individual Cremation – Your pet is cremated in a private partitioned area within the cremation chamber, ensuring their ashes are respectfully kept separate from others.

Private Prestige Cremation – Your pet is the only pet in the cremation chamber during the entire cremation process.

We offer two Private Prestige Cremation packages to provide families with the highest level of privacy and personalized aftercare:

Classic Prestige Package – \$450

Devotion Prestige Package – \$500

Details of each package and pricing for our individual cremation options are available in our Individual cremation guide.

Both options are handled with dignity, respect, and the same compassionate care. If you have questions about aftercare, we're always here to help you choose the option that feels right for your family.
