

We help you create

Social Value

Achieving Policy and Program Outcomes

Do you have commitments in your Reconciliation Action Plan that you need help delivering? Is there a government policy like the Indigenous Procurement Policy or Australian/Major Project Skills Guarantee mandating outcomes that you're not sure on? Need assistance with your D&I and ESG strategies? We will help your organisation to deliver the following:

Spend with Social enterprises, First Nations businesses, Australian disability enterprises

Female participation and broader Diversity & Inclusion strategies

Inclusive employment and priority cohorts

Training/ upskilling and local content

Services Offered

We will help you develop tailored strategies and plans to meet your organisation's RAP, ESG and broader social policy goals by working collaboratively and leveraging our industry expertise in social value creation. We will help support growth of your social footprint through:

 Tender support	 Social impact talent development	 Project mobilisation	 Inclusive employment	 Social Procurement forecasting
 Impact communication	 Connection and networking	 Policy implementation	 Governance establishment	 Reporting infrastructure
