Golf Course (there will be a shuttle if needed)

If you're looking for a challenging round, look no further than Crystal Springs Golf Club, one of New Jersey's top golf courses. When it first opened in 1992, the course was rated among the "Top 25 New Golf Courses in America" by Golf Digest Magazine. The Jersey Golfer named it "The Best Public Golf Course" in the state. Year after year, it ranks among Golf Digest's "Top 10 Public Golf Courses" in NJ, beating out countless other golf courses in the Garden State.

Despite measuring just over 6,800 yards from the championship tees, the course features Robert von Hagge's signature challenging design, with rolling mounds that line the fairways and greens, providing beautiful contrast between the cuts and encouraging you to make your shots. The course also features an important piece of the Resort's history — the clear waters of the natural springs formed by old limestone quarries, particularly on the 11th hole, gave the course (and the Resort) its name.

Front Lobby - Shuttle to course

Designed in the spirit of the world’s first golf courses, Ballyowen is one of the top golf courses in New Jersey, with a spectacular links-style layout that channels the heathland style landscapes of Ireland and Scotland. Designed by Roger Rulewich, the longtime lead design associate for Hall of Fame designer Robert Trent Jones Sr., the award-winning course occupies 250 acres across a scenic plateau. Take in the tranquil atmosphere as you meander through open meadows and rolling farmland, and enjoy 360-degree views of the Wallkill River.

Year after year, Ballyowen is celebrated as one of the state’s top courses {Golf.com “brawny, beautiful, often heroic golf”, Golfweek Best Courses You Can Play By State}. After your round, enjoy a drink, a bite to eat, and some authentic bagpipe music at the Celtic-inspired Owen’s Pub. And once back home, visit the online Ballyowen Golf Shop, where you can browse an attractive assortment of apparel, merchandise and accessories inspired by the Emerald Isle.

Hotel Lobby - Shuttle to Course

Combining the expansive layout of Ballyowen with the multi-elevated design of Crystal Springs, Wild Turkey is one of the most unique golf courses in NJ, made up of two distinct types of terrain. The topography is best described as basin and ridge, providing golfers with the type of variety rarely found on a single course. Roger Rulewich’s design includes wide fairways and moderately contoured greens that make the course playable for high handicappers, while smartly placed tee boxes add challenge for experienced golfers. One of the best public golf courses in NJ, Wild Turkey was named among the state’s “Top New Public Courses” by NJGCOA.

The basin area of the Wild Turkey course — consisting of holes 3 and 12-17 — is reminiscent of the treeless expanse of Ballyowen. The par-3, 14th hole affords golfers a view of the entire hollow while challenging them with a long iron shot to a deep green. Many of the par-4s feature limited aprons that require both strategy and precision on the approach shot. The features protecting the green on the picturesque 15th hole are indicative of this prevailing design concept. The par-3, 7th and signature hole at Wild Turkey shares much in common with Crystal Springs’ signature hole. It too features a forced carry over a quarry lake to a well-protected and intimidating green. Similar to Crystal Springs and Ballyowen, playing Wild Turkey is considered a real challenge that avid golfers will relish.
