## President's Message

Hello Skyknights!

Mother Nature can't seem to decide which way to go. Has been a wild ride so far.

Big thanks to mowing crew, the facility always looks good. I know they're scheduling around the heat and lovely rain. Thursday is the designated day. Check with Bill D. and/or Al L.

We've gained a couple new helpers this year, Thanks Jay and Dealen.

Thanks to all who are helping in one way or another! Some seem to help in multiple ways!

The 2<sup>nd</sup> Doug Wilkinson Funfly on May 14<sup>th</sup> was Fun. Good time, good flying. Great food provided by Karen Knopp and her secret weapon John. Thanks so much Karen! Karen, if you need a third or fourth opinion on your banana split dessert I'm your man!

Didn't attend Fun Fly? Your Loss!

Ron Miller has great TEES for sale! Has caps available too! Please see/contact Ron a.s.a.p. Let's help him move this inventory!

Next Funfly is June 3-4. Rotors Over The Corn! Going to be some awesome flying! Daytime and night flying. Night flying made possible by Wilson and his employer Union College. If you know any Union

College people thank them And they also make a building available for indoor flying too!

Thanks again. Support your local hobby store. Be safe. Don't be a stranger, Come on out to the airfield! K.C.

## **LSK FIELD RULES**

1. The AMA SAFETY CODE must be followed at all times.
2. All pilots must be current members of the Lincoln Sky Knights R/C club, or their guests, and have a current AMA card.  
Guest pilots are allowed to fly three non-contest dates per calendar year if a current Lincoln Sky Knight member is present and they must have a current AMA card.  
**ALL PILOTS MUST HAVE A CURRENT A.M.A. CARD.**
3. All aircraft with fuel burning engines larger than .051 must have a functional muffler system.
4. Frequency Control Procedure for radios other than 2.4: After determining that your frequency is not in use, take your radio from the impound (if used) and place your current AMA and LSK card or a photocopy of them on the frequency control board. Do this by raising the tag corresponding to your frequency number and pinning it to the cable above your pin. At completion of flight, remove your pin from the tag and place your radio back in the impound (if used), making sure the switch is off.
5. Pilots must use one of the six flying stations and remain behind the safety barrier while flying. Pilots are allowed to stand behind the plane on the runway, only during take-off, if they feel it is necessary.  
**NOTIFY OTHER PILOTS** when you are taking off, landing, going onto the runway, or if you are in a dead stick or other emergency situation.
6. **NO FLYING** over the pits, spectators, or parking area at any time! **WARNING!!!** This rule is strictly enforced!
7. All flying is to be done to the East of the asphalt runway (or West of the camping hookups for heli and park flyers) and do not fly within the field boundaries; that is the runway, except for take-off, landing and practice approaches.  
**KNOW AND OBEY THE DIRECTION OF THE PATTERN.**
8. **NO SMOKING IN THE PIT AREA.**
9. All aircraft and field boxes (when not in use) must be kept in the pit area. No spectators, children or pets in the pit area without escort.
10. Aircraft must be restrained while starting and running.  
Taxiing only East of the red safety line.  
Walkways between the runways and pilots stations must remain clear.
11. Do not start engines in the pits. Engines must be started in the designated starting area.
12. Discharge of firearms is prohibited on club property!!!
13. Please, remember to be courteous to both your fellow pilot and the club field!

**THE AMA SAFETY CODE AND CLUB RULES MUST BE FOLLOWED AT ALL TIMES!  
THESE RULES ARE IN PLACE FOR YOUR SAFETY AS WELL AS THE SAFETY OF  
OTHER PILOTS, SPECTATORS, AND PROPERTY.**

Every club member is a Safety Officer. Please do your part. If you see a rule violation, politely confront the pilot. It is your responsibility as an AMA and LSK club member to inform offending pilots of a rule violations. Politely explain to the pilot the rule and how they violated it. Most pilots want to fly safely and obey the rules; however, if the pilot continues to violate the rule, you may file a formal complaint. Contact a club officer for information on filing a formal complaint. We take safety very seriously. Repeat rule violations or filing false formal complaints may result in the loss of flying privileges and/or club expulsion.
