PARTNERSHIP FOR GULF COAST LAND CONSERVATION: PROJECT ASSISTANCE FUND
APPLICATION

Location of acquisition project (*Include central GPS coordinates for each tract, County, and State*).

GPS (decimal degrees): _____

County/State: _____

Size of acquisition project (acres) by tract: _____

Do you have a willing landowner: Yes No

Type of conservation project: Conservation Easement Fee Acquisition Both

Expected start date: _____

Expected closing date: _____

Total Grant Request (not to exceed \$35,000): \$ _____

Total Match: \$ _____

Map: Attach a map(s) of the project showing the boundary, title of the project, county, state, and any relevant natural features or important adjacent protected areas. Including the Strategic Conservation Vision Report through <https://gulfpартnership.shinyapps.io/visionapp/>.

Abstract: In four to five sentences, please provide a brief abstract identifying location, purpose, major activities, specific habitat, environmental/species/community benefits, and outcomes. *Please note: If awarded this may be used in various announcements and outreach materials.*

Narrative: The narrative should not exceed two pages and address each of the following points as stated in the RFP:

1) Project Description/Conservation Vision: Define the project, activities, and resources for the proposed acquisition, while demonstrating alignment with PGCLC Strategic Conservation Vision, and/or regional conservation plans.

2) Resource/Community Benefits: Define regional and environmental outcomes, aligning local species, habitat, and/or social needs to broader land-use and/or climate resiliency goals. Proposals should also demonstrate long-term stewardship plans for acquisition/easement.

3) Feasibility: The proposal must demonstrate landowner approval and have a clear description of the potential for capital funding for acquisition/easement.

4) Metrics: Quantitative and clearly defined, while supportive of RFP requirements and aligned with regional conservation plans.

5) Timeline: Provide a clearly defined timeline of proposed activities, including a long-term timeline/description for acquisition and/or conservation easement.
