🏆 RACE WEEK RECAP 🏆

The momentum is shifting! One Hart Racing has been on a tear across the Southeast, battling through technical turns and high-speed finishes. After a week of grit and elite competition, the hard work has officially paid off with our first-ever team victory!

GREENVILLE — NAVIGATING THE CORNERS

We kicked off the week in Greenville on a grueling 6-corner technical course. In a massive battle for positioning, our riders held their ground against a stacked field:

Elizabeth Castaño 7th Place — A hard-fought result on a demanding circuit

Mateo Garcia 12th Place — Solid showing in a stacked men's field

SPARTANBURG — PURE SPEED

The energy stayed high as we headed to Spartanburg for a lightning-fast race. The team pushed the pace and edged ever closer to the podium:

Elizabeth Castaño 4th Place — So close to the podium!

Andrea Cantu 9th Place — Strong ride in a fast field

Our men's squad is catching fire! Edibaldo and Mateo are improving every single time they clip in. They are fighting at the front, hunting for those top spots, and the podium is firmly in their sights.

SUWANEE — THE BIG WIN! 🏆
