### BIO

Alex Bennett is an audio creative that explores the rhetoric of sound. Between audio essays, podcasts, short films, and radio, she is constantly redefining how sound functions while refining her skills with the medium. Alex believes that a collaboration between vastly different forms of media can create compelling and informative content.

### PROFESSIONAL EXPERIENCE

#### **Tech Manager at WPTS Radio,** *University of Pittsburgh*

08/2023 - 05/2025 | Pittsburgh, PA

Train a staff of over 40 people in the process of running a board/DJing  
Manage podcasting, audio engineering, and video production directors  
Mixing vocals, music, and sound effects  
Maintaining and designing the WPTS Website  
Assign tasks to writing interns

#### **ACC Network - Audio 1, Pitt Studios**

02/2024 - present | Pittsburgh, PA

Mixing audio for ACC Network television broadcasts.  
Working alongside producer and director, I assist with the live broadcast of sound and manage over 70 audio channels. I maintain the levels of announcers and gameplay while controlling music cues. In this position I am responsible for knowledge and operation of audio capture technology.

#### **Talk Show Co-Host, KDKA Next Take**

04/2024 - 08/2024 | Pittsburgh, PA

Write about and lead stories on a wide range of topics, including current events, pop culture, sports, and human interest stories  
Cultivating an on-air personality and connecting with a National audience.

### EDUCATION

#### **Digital Media & Professional Communication,** *University of Pittsburgh*

Pittsburgh, PA

Minor in Creative Writing

### INTERNSHIPS

#### **Documentary Filmmaker,**

*The Andy Warhol Museum · Fellowship*

05/2024 - 10/2024 | Pittsburgh, PA

Learning and experiencing pre production, production, and post production, for documentary filmmaking. I work on multiple shoots for the Warhol's partners and clients. In addition to this I work on my own personal short film as my Passion Project.

#### **Video Producer,**

*Swanson School of Engineering*

05/2024 - 08/2024 | Pittsburgh, PA

Collaborating with Computer Science and Policy students to create educational modules for the Swanson Engineering School and Idaho National Lab. My role as a video producer is to create, script, record, and edit videos that pertain to the simulations found in the modules.

#### **Digital Media Intern, Premo Consultants**

06/2023 - 08/2023 | Pittsburgh

Creating and editing logo drafts and mockups  
Designing, writing, and distributing newsletters for Walnut Capital  
Practice public relations and professional writing  
Web design for tech company Green Swans and related technologies; Bawat, TMC Aqua, and Safe-Li
