**Specialist DJ and Dance
Teacher for your...
social dance, tea dance,
special event, dance
holiday..**

DJ services...

Music for dancing is played at various tempos e.g. a slow waltz and foxtrot or a lively quickstep and in the case of sequence dances such as the Saunter Together and Tina Tango, the music will typically also be selected to suit the 16 bar structure of these dances.

Music provided can include a mix of traditional and modern recorded music and for a wide range of dance styles to include: Ballroom, Latin, Sequence, Rock and Roll, Line Dancing, Argentine Tango, 60s, 70s and 80s, Northern Soul, and Motown, Disco etc...

A programme of dances and music will be prepared for your event but requests are also welcome during the evening to ensure a full and varied programme of dance is provided.

Dance tuition...

Included in your social dance afternoon or evening could be a guided session of dance such as learning a new or popular sequence dance or maybe some basic ballroom or latin steps for beginners?

Alternatively attendees may want to learn the steps for the barn dance, a party dance, line dance or perhaps an old time classical sequence such as the Lilac Waltz or Veleta. Quite often this is covered at the start of the evening or afternoon so that dancers can practice what they have learned later on during the social dance.

Social dancing...

So if your venue has a suitable space and dance floor and you would like to organise a social dance event such as those listed below that requires a specialist DJ Dance Teacher then please contact jo@jodancedj.com for info..
