

ROOFTOP CARGO CARRIER STORING GUIDE

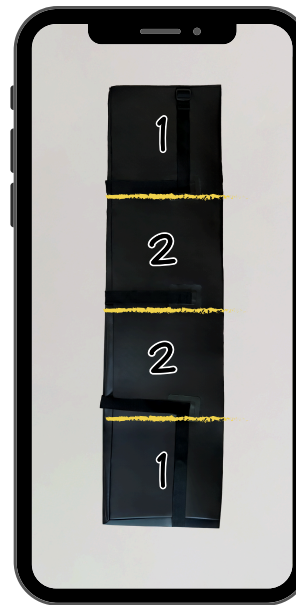

1 Prepare the Bag

Start by Laying the bag flat on the ground with the X side facing up. Make sure all straps and buckles are lying flat to avoid bumps.

2 Long Folded Piece

Fold one long side of the bag towards the centre. Fold the opposite long side over the first fold, aligning the edges neatly.

3 Quadrant Folding

The bag should now be a long rectangle shape. Visualize dividing it into four equal sections as shown. Fold the sections marked 1 over the sections marked 2.

4 Final Compact Fold

Perform a final fold by bringing the newly formed section 1 over the section 2 as illustrated in the picture.

ROOFTOP CARGO CARRIER STORING GUIDE

5 Place in Storage Bag

Place the fully folded Rooftop Cargo Carrier into the provided storage bag.

6 Zip & Store

Zip up the storage bag securely. Your Rooftop Cargo Carrier bag is now ready to be stored until your next adventure.

Additional Tips

Check for Debris:

Before folding, ensure the bag is clean and free of any debris to prevent damage.

Dry Thoroughly:

Ensure the bag is completely dry before folding to avoid any moisture damage or unpleasant odours.

Smooth Folds:

Make sure each fold is smooth & free from creases to maintain the bags shape and integrity. Ensure it's packed tight to save space and keep your Rooftop Cargo Carrier in good condition.

Avoid Sharp Objects

Ensure the storage area is free from sharp objects that could puncture or damage the bag.

Storage Location:

Store the bag in a dry temperature controlled place to maintain its longevity and durability.
