

from the competition. No substitute member shall be allowed to replace such a disqualified team member. **NO INTOXICANTS ARE TO BE CONSUMED BY ANY TEAM MEMBER UNTIL THE TEAM HAS COMPLETED THEIR EVENTS.**
In order to have a safe competition, this rule will be strictly enforced.

14. A substitute team member may be allowed to compete after receiving the approval of the Event Committee. Rule 2 will apply in receiving such approval.

15. At the start of each event, only five (5) team members and the judges shall be allowed on the competition field. A five (5) second penalty shall be assessed for each infraction.

16. Prior to the start of each event, it will be the responsibility of the Team Captain to check and ascertain that all equipment is ready and prepared for the event. In case of uncontrollable equipment, malfunctions (breakage or failure) not due to team error, and immediate restart will be granted without any penalty.

17. A meeting of the Team Captains and Judges shall be held on Saturday, October 27 at 8:45. The location will be announced. The purpose of this meeting is to make sure everyone involved understands the rules, to make any special announcements, and to announce the running order of the teams.

18. All nozzles and appliances are to be placed on the ground, not thrown or intentionally dropped. Any infraction of this rule will result in a five (5) second penalty for each infraction. The infraction must be seen by at least two (2) of the judges on that event.

19. In the event of pump operator error due to circumstances beyond the control of the judges, a rerun will be allowed; but the time shall not be less than the time that the truck was shut down by the operator when error occurred.

20. events include: Busted hose on an S, Dry hose, 1 into 2, barrel push, running hose and bucket brigade. In 2016 the Time Full bunker gear challenge was added.

If your department is fielding a team, fill out the registration form on the next page and mail it into the Association office.
