

Mission

To foster the connection of Chevron retirees with each other -- and with Chevron

We do this through quarterly informal luncheons typically involving a brief reception, lunch and a guest speaker. Speakers range from local Marin leaders and personalities to senior Chevron executives. These luncheons are enjoyable, social networking events intended to support the mission of the organization.

We also stay in touch through a quarterly e-newsletter, other special events, and occasional email communications.

There are slightly over 100 dues-paying members in our Marin chapter.

If you are a Chevron retiree and interested in joining our organization, please complete the Membership Application form in this website and mail it to our Membership Coordinator, Brad McCullough, at the address shown on the bottom of the form. Dues are free for the first year and only \$12 per year thereafter.
