2	3	Semi-Determinate	Pink	Medium

Performance By...

G09E98 is an excellent choice on all soils but excels on medium and fine textured soils. Because of a semi-determinate ear type, G09E98 performs best at above average plant populations (34,000 and greater). G09E98 will perform well in any cropping rotation.

For more info or to view product performance data: www.goldenharvestseeds.com (800) 944-7333 Or, follow Golden Harvest on Twitter @SyngentaUS or Facebook (Facebook.com/SyngentaUS).

Ratings are based on interpretation of data gathered by Syngenta and/or observations across areas of adaptation and may change as additional data are gathered.
