**Head Coach:** We typically have 4-5 head coaches on our team depending on how many students. The head coach is part of the coach committee. A head coach organizes a group of student anglers and utilizes assistant coaches to get the kids on the water. They help organize boat captains for the team tournaments. They also participate in classroom learning sessions. A head coach has a commitment of 2+ days a week during the summer.

**Assistant Coach:** An assistant coach will be assigned to a head coach. The head coach communicates and coordinates fishing opportunities for the anglers and pairs them up with assistant coaches. Expect to volunteer 1-2days per week in the summer.

**Boat Captain:** Tournaments require boat captains. A boat captain is someone who has a boat and is able to participate in tournaments with student anglers. This includes our local team tournaments. This typically is a parent, grandparent, relative or close friend. At times a boat captain can take kids fishing too. Commitment: about 1 time per month

**Coach Committee:** The coach committee plans and overall makes coaching decisions from classroom to on the water time for the season
