

2024 Becker Bass Team

“Next Level” Scholarship Program!

We have been extremely fortunate to provide awesome fishing and outdoors experiences the past 7 years. Collectively our students, coaches, board members and sponsors tell of wonderful stories when spending time with our team. Fishing is special! We have a chance to be in the outdoors teaching, listening, and mentoring. We intentionally reach out to help kids, provide them experiences, and just share our passion and love of the outdoors. Our coaching philosophy is that we help by guiding them, not just in fishing, but in life.

Next Level College & Trade School Scholarships

As our Becker High School Bass Team continues to grow and reshape itself, we are excited to start our Next Level Scholarship Program. For scholarships, we know not all students are 4.0, athletically gifted, or have the ability to write a short 4-page essay on why they deserve a college scholarship. We spend time with these students and get to know them. The scholars program allows us the ability to recognize specific students and to encourage them financially as they move on to their next level of education. With the help from local sponsors we have been able to provide a jumpstart to many of our student anglers!

Over \$20,000 in scholarship funding rewarded to students the past 2 years!

Yes, we are willing to offer a scholarship!
