

Recurring Cleaning with Oasis

Here's a quick overview of our recurring services and what to know before scheduling your complimentary walk-through.

How It Works

1. Complimentary Walk-Through

We'll see your space, discuss your priorities and preferences, and make sure our services are a good fit.

2. Initial Clean — \$60 per labour hour

Your first service is billed hourly, as initial cleans typically require more time than ongoing maintenance visits.

3. Recurring Flat Rate

After your initial clean, we'll establish a flat rate based on your home, cleaning frequency, and agreed scope. Because ongoing maintenance typically requires less time, your recurring service will generally cost less than your initial clean.

Your Recurring Schedule

We offer **weekly, bi-weekly, and every-four-week** service. Once established, you can generally expect the **same day and time** each visit.

We send reminders for every-four-week clients; weekly and bi-weekly reminders are available upon request.

Have specific scheduling needs? Please let us know **before booking your walk-through** so we can confirm we have an ongoing spot that works for you.

Supplies & Equipment

We provide cleaning products and supplies and will discuss preferences during your walk-through. We typically ask clients to provide a **vacuum**, although we have vacuums available if needed.

Our teams do not carry step ladders. For requested items above arm's reach, such as light fixtures or ceiling fans, an appropriate step ladder must be available in the home.

Your Cleaning Scope

Your flat rate is based on your **agreed cleaning scope and service frequency**. Special requests or rotating tasks should be discussed in advance so they can be incorporated into your service plan. Changes to your regular scope or frequency may affect your rate.

A Few Important Things to Know

Our Client Service Agreement outlines our complete cleaning scope, **service exclusions**, policies, and expectations. **Please review it before booking your walk-through** to make sure our services align with what you're looking for. If there's a specific task you're hoping to have completed, please ask!

Why Oasis?

Vetted & Insured

Fully insured, registered with WorkSafeBC, and background checked.

Trained Professionals

Our cleaners complete a structured training program.

Quality Checked

Regular quality checks help maintain consistent service.

Committed to a Living Wage

We're working toward becoming a **Certified Living Wage Employer** to support a stable, professional team.

Ready to get started?

Once you've reviewed this overview and our Client Service Agreement, send us your address and any scheduling requirements to book your complimentary walk-through.
