 When ordering anything less than a whole, the entire carcass is split up – you are not receiving the front or back, left or right sides/quarters. All steaks, chops, roasts, etc. are divided up equally.

Spit pigs can also be ordered for pig roasts, etc.

The processor will contact each customer for specific cutting instructions, so your order is specialized. You decide how thick/thin your steaks/chops are, how much sausage, ground meat, roasts/hams, stew meat/pork cubes, etc. you would like from your order.
