Bio Degradable

IPM

MargoShine is an effective crop protectant formulation containing natural neem oil extracted from seed kernels of Neem. It is a broad spectrum Fungicide, Insecticide and Miticide. The active ingredient azadirachtin together with other liminoids of neem such as Salanin, Nimbodin and Nimbin present in MargoShine, acts as an Antifeedant and Insect repellent.

Product Highlights :

- Ensures high yield of crops.
- Protects Crops from the Damaging Immature and Adult Stage Insects.
- Effective on a Wide Range of Target Pests and Crops.
- Help Reduce Pesticide Use in Crops.
- Help Prevent or Delay Resistance in Pests.
- Easy to Use & Compatible with Other Pesticides.
- Great Tool to Supplement the existing IPM programs.

Mode Of Action :

Dosage

5 - 6 ml / litre of water ; 1 - 1.2 litre / acre.

Thoroughly mix solution and spray all plant surfaces (including undersides of leaves) until completely wet.

Active Ingredient
Azadirachtin

Pre-Harvest Interval (PHI)
Zero day

Packing

MargoShine is available in 500 ml, 1 litre, 1 Gallon, 5 litre, 2.5 Gallon, 200 litre & 1000 litre.
