

SERVICEMASTER CLEAN GOES BEYOND DISINFECTION

ServiceMaster Clean is at the forefront of groundbreaking disinfection technology, and we're ready to help you break the chain of infection. In light of the COVID-19 pandemic, all public spaces are shifting their focus from regular cleaning to more intensive disinfection methods. At ServiceMaster Clean, we're excited to launch a new infection prevention service that goes beyond disinfection to create a clean, safe, and healthy environment.

REDUCING THE RISK OF EXPOSURE TO COVID-19 BY CLEANING AND DISINFECTION IS AN IMPORTANT PART OF REOPENING PUBLIC SPACES THAT WILL REQUIRE CAREFUL PLANNING.

- CDC

At ServiceMaster Clean, we've partnered with Goldshield to provide a new post-disinfection service offering that provides anti-microbial protection for up to 90 days. This is an exclusive partnership and ServiceMaster is the only company that can provide this patented, EPA registered infection prevention service.

ServiceMaster Clean has the technology, experience, training, and national network to meet your needs on an ongoing basis. As the new normal changes every day, you can rely on us to be your infection prevention partners every step of the way.

ServiceMaster Clean will provide you with a certificate of service with the date and time of your last disinfection, as well as stating that we have provided anti-microbial disinfection that can last for up to 90 days.

THE SERVICEMASTER CLEAN DISINFECTION PROTOCOL

Wearing appropriate PPE as determined by the most up-to-date CDC guidelines and taking your privacy into consideration when it comes to donning and doffing PPE.

Using EPA registered and approved products from the EPA's List N, which specifically meet the criteria for use against SARS-CoV-2, the virus that causes COVID-19.

Cleaning before disinfecting, a step that is required for true disinfection. We apply specific cleaning techniques to reduce reapplication of soil on surfaces.

Disinfecting after a proper cleaning. We always apply the disinfectant following the product label protocol, including selecting the equipment to apply the product and leaving the surface wet for the required dwell time for the disinfection to be effective as specified by the EPA registered label.

Cleaning up discarded materials and single-use PPE, sealing our soiled materials for proper disposal.

Our new, beyond disinfection protocol partnering with Goldshield to provide a new post-disinfection service offering for long-lasting anti-microbial protection for up to 90 days.

SERVICEMASTER CLEAN FOLLOWS ALL REGULATIONS, CODES, AND STANDARDS WHEN PROVIDING YOU SERVICES. THESE INCLUDE BUT ARE NOT LIMITED TO:
