This all I have, if there is anything else it would be through the administrative office.

Good morning Jon,

This will take a little bit of time to gather. Please let this serve as notice that your request has been received and we will work diligently to gather the items and respond quickly.

Thank you,
Jeanette

Subject: 91-A RTK Request For Documents/Communications

Good Morning Jeanette:

I am writing to request a copy of all 2024 selectboard meeting minutes not yet published on the town website, including a copy of the draft meeting minutes for the October 15, 2024 selectboard meeting and associated documents, including a copy of letters/handouts distributed by Eric Moore and Tom Dubreuil which have not been included in meeting minutes to date.

I would also request all copies of communications, including copies of any attached documents, sent to or from Tom Dubreuil and/or Eric Moore, during their tenure as town selectmen, pertaining to any of the following subjects:

- Casella
- GSL
- NCES
- NEWSVT
- Coventry/Newport officials
- Mt Carberry/AVRRDD

-Jon Swan
-Dalton Conservation Commission.

Please let me know if there are any costs associated with the production of these documents, and I would prefer they be in electronic format to prevent unnecessary copying and waste generation. I have pasted a copy of the RSA as it pertains to my request, in case there is any confusion. I would appreciate a response within 5 business days, in accordance with state law. Thank you!

RSA 91-A:4 Minutes and Records Available for Public Inspection. –

IV. (a) Each public body or agency shall, upon request for any governmental record reasonably described, make available for inspection and copying any such governmental record within its files when such records are immediately available for such release.

(b) If a public body or agency is unable to make a governmental record available for immediate inspection and copying the public body or agency shall, *within 5 business days of a request*:

(1) Make such record available;

(2) Deny the request; or

(3) Provide a written statement of the time reasonably necessary to determine whether the request shall be granted or denied and the reason for the delay.

(c) A public body or agency denying, in whole or part, inspection or copying of any record shall provide a written statement of the specific exemption authorizing the withholding of the record and a brief explanation of how the exemption applies to the record withheld.

(d) If a computer, photocopying machine, or other device maintained for use by a public body or agency is used by the public body or agency to copy the governmental record requested, the person requesting the copy may be charged the actual cost of providing the copy, which cost may be collected by the public body or agency. No cost or fee shall be charged for the inspection or delivery, without copying, of governmental records, whether in paper, electronic, or other form. Nothing in this section shall exempt any person from paying fees otherwise established by law for obtaining copies of governmental records or documents, but if such fee is established for the copy, no additional costs or fees shall be charged.

In order to not get sued a third time by Casella, I need you to understand that all of this is my opinion,

Subject: RE: Dalton Municipality

Good Afternoon Tom,

To get back to you regarding your questions, we do not issue contracts every year for municipalities unless specifically requested, however, when there is a change in tipping fees we will notify the town via a letter. For your reference, I am attaching the Town of Dalton's original contract, and the historical tipping fee increase notification letters. Please let me know if the town would like to receive a contract, annually. We will not be issuing a two- or three-year contract for the Town of Dalton.

Mt. Carberry Landfill is a commercial landfill. We serve municipalities and commercial entities.

Currently, the tipping fees are under review. Once completed and if there is any change, a letter will be sent to the town providing notification of the tipping fee change.

I also wanted to get back to you regarding your question about the delivery of 10 to 15 mattresses to the Mt. Carberry Landfill. Given your larger quantity of mattresses, we would take them all at the Mt. Carberry Landfill but would create a delivery schedule to bring them in since we cannot accept them all at one time.

If you have any additional questions, please feel free to contact me.

Thank you,

Lisa G. Riendeau

Subject: Dalton Municipality

Hi Lisa, sorry we missed you at October 28th Monday night meeting. First, I was wondering if we have a current contract with Mt.Carberry, if not when was the last one done? Does Mt. Carberry do 1,2,3-year contracts? Second, does Mt.Carberry serve just municipalities or commercial entities as well? Finally, I would like to know if any valuations have been done on the tipping rates and if so, can we expect the rate to change this year?

Thank you, Selectman Tom
