

37. Has the Liquid Waste been pretreated? Yes/No No

If so, describe pretreatment process in use:

(Attach pretreatment process flow diagram)

38. Is the Liquid Waste generated as a result of a site cleanup/compliance activity? Yes/No No

If so, describe cleanup/compliance activity and the regulatory program:

39. Estimated quantity of Liquid Waste to be delivered:

Estimated gallons per week: 50,000 - 100,000 gallons

Estimated gallons per year: 1,000,000 gallons

Estimated length of disposal services needed (months, years, one time, etc.):

Disposal request for on-going discharge. In the short-term (approximately 6 months), we are
requesting approval to deliver 100,000 gallons / week.
